BOMBS RAIN ON FASCIST CITY  
AS SOCIALIST TROOPS LAUNCH  
MOVE TO ISOLATE FIELD BASE

Madrid, April 2. (A-P)—Mechanized government columns rumbled toward strategic, insurgent-held Cordoba today in a renewed threat to isolate Southern insurgents from their field base.

Two lifelines—the Cordoba-Badajoz Railroad and the highway between the front and Cordoba City—were the objective of the fresh Government assault.

The city is headquarters for insurgent General Gonzalo Queipo de Llano's Southern force.

Opposing armies battled on four fronts. Major action was concentrated along the southern lines while additional forces engaged in spirited conflict in the far north. The fighting summarized:

## Cordoba Bombed.

North of Cordoba—the town of Ovejuna was the focus of the Southern battle zone. Government militiamen aimed their attack at the town, only 16 miles north of insurgent Cordoba and five miles northeast of the insurgent-held highway. Government planes, reconnoitering ahead of ground troops, bombed Cordoba.

In the far-north: Government commanders admitted hard-driving insurgents had penetrated their lines to the town of Gorbata but contended Basque supporters halted the advance a dozen miles from the Biscayan Coast.

In Burgos Province: In fresh spurts, Government troops renewed efforts to break through the insurgent ring protecting Burgos, capital of General Francisco Franco's government. Government militiamen, firing from behind improvised breastworks near Sargentes, combined with artillery and aviation. No definite progress was reported.

In the Guadalajara sector: war action was confined to artillery duels as rain suspended most activities in the sector northeast of Madrid.

The Fesus (Spanish) News Agency said insurgents captured a line of trenches near La Trecha, Oviedo Province, by a ruse during a midnight truce parley in no man's land.

While Government leaders discussed the battle situation, insurgent demolition squads cleared paths through Government barbed wire entanglements, the agency reported. The peace parley suddenly concluded, insurgents swept through the lanes, forcing the militiamen to fall back to secondary positions.

In Bilbao, Basque President Juan Aguirre called a new session of his cabinet to review the progress of the civil war in the north. He also received a delegation of Englishwomen engaged in relief for non-combatants in the war areas.

DAMAGE CASE  
IS DROPPEDNON-SUIT IS TAKEN BY  
PLAINTIFF AFTER 7  
WITNESSES HEARD

A non-suit was taken by the plaintiff Thursday afternoon in the damage suit of Mrs. Fayla Cooksey of Electra vs. Dr. Thomas A. King of Vernon in Forty-sixth District Court here. R. D. Oswald of Crowell, attorney for Mrs. Cooksey, made the motion for the non-suit after testimony of seven witnesses for the plaintiff had been heard. The trial opened Thursday morning.

An eye injury alleged to have been caused by exposure to ether during an operation at the King Hospital was the basis of the suit. Damages totaling \$15,000 were sought.

The defendant was represented by the law firms of Storey and Donaghy of Vernon, and Touchstone, Wight, Gormley and Price of Dallas.

Trials scheduled next week are those in which the State has cases against the following:

Monday—Lester J. Neeley, fraudulent removal of mortgaged property; C. P. Hamilton and Mrs. Artie Hamilton, assault with intent to murder; Guy Edwards and Raymond Speck, forgery; E. P. Speck, forgery.

Tuesday—Ralph Conn, wife desertion; W. B. Todd, felony theft; Willie Johnson, theft and receiving and concealing stolen property; Arthur Goodman, Negro, assault with intent to murder.

## Beard Lines Favored.

Washington, April 2. (A-P)—An Interstate Commerce Commission examiner has recommended that D. A. Beard Truck Lines Company, Inc., Houston, be authorized to continue operations as a common motor carrier between Houston and points in Arkansas, Louisiana and Texas.

## Pig in a Poke.

Philadelphia, April 2. (A-P)—The zoo here got more than it bargained for in an animal swap with a zoo at Hoesick Falls, N. Y. The Philadelphia zoo received for a pair of European wild swine, as per contract. That same day they presented their new owners with six pigs.

## Leaves CCC Ranks.

Champ Castleberry of Vernon has returned home after a six-month period in the Civilian Conservation Corps. He was stationed at a camp in Hayden, Ariz.

MUSIC PUPILS  
CONVENE IN  
VERNON FOR  
CONTESTS

Approximately 450 music pupils from schools of 13 North Texas and Southern Oklahoma cities were here this morning for the opening of the North Texas Music Teachers' Association's annual festival. Examination for piano solos and scales were being conducted at the First Methodist Church today.

Included among schools represented with the number of entries from each are: Archer City, 4; Quanah, 20; South Lockett, 26; Childress, 36; Northside, 3; Oklahoma, 3; Frederick, Okla., 12; Newcastle, 2; David-son, Okla., 4; Altus, Okla., 2; and Petrolia, 2. Approximately 330 students were entered from Vernon schools.

Contests in piano solos will continue Saturday in the auditoriums of the Methodist and Presbyterian churches and in piano scales in the basement of the Methodist church. Ensemble contests will be held Saturday in the auditorium of the Vernon Junior High School instead of at the Baptist Church as had previously been announced. Chorus will also be held Saturday morning and will be at the Baptist Church.

Voice solos and scales will be held Saturday morning at the Central Christian church.

The festival will be closed with a program by pupils who have made the highest scores in the contests which will be presented at 5:15 o'clock Saturday afternoon in the Junior High School auditorium.

A loving cup will be presented by the Vernon Chamber of Commerce to the school which has the highest percentage of pupils enrolled in the festival. It will become the permanent possession of the school winning it three years in succession.

DROP REPORTEDMOTORISTS FACE PENALTY  
IF REGISTRATION  
LAW VIOLATED

Motor vehicle registrations in Wilbarger County for 1937 totaled 3,479 with the end of the regular registration period at midnight Thursday, according to A. J. Carpenter, Tax Assessor-Collector. The number is 401 below the total at the same time last year.

Passenger car registrations this year totaled 2,910, as compared with 3,200 a year ago. Commercial vehicle registrations were 369 this year and 377 at the same time in 1936. An increase resulted in license plates issued for farm vehicles, the number being 137 this year and 131 at deadline time in 1936. Included in 1937 registrations are 45 trailers, seven buses and two motorcycles.

Vehicles may be registered without penalty for 1937 if they are not operated after April 1 with old plates. A motorist is subject to a penalty of 20 per cent on the cost of 1937 registration and a fine not exceeding \$200. State Highway Patrolmen and local officers may make arrests in violations of the license law.

SEDAN IS DAMAGED IN  
FIRST FIRE OF MONTH

Upholstery in a sedan owned by Jack Monkes was destroyed by fire of undetermined origin Thursday night. The flames were extinguished with chemicals by the Vernon Fire Department. The car was in front of the Monkes home, 2730 Stephens Street.

The call was the first received by the Fire Department this month. Seven fire calls were answered in March. Damage was small in each of the fires and no insured losses were reported, according to Fire Marshal M. G. Neathery.

## Convict Speaks.

Beaumont, April 2. (A-P)—When C. W. Harmon of Port Arthur attached his new motor license plates to his automobile, he found this inscribed on the thin tissue between them: "I am not guilty. No. 66-28." Texas license plates are manufactured by State convict labor.

## Victim

The fragile loveliness that made Veronica Gideon a favorite photographer's model is apparent in this, one of the last pictures for which she posed.

WEAPON USED  
IN TRIPLE  
SLAYINGS  
SOUGHT

New York, April 2. (A-P)—New York City's sewers were explored today in an effort to find an answer to the five-day-old question: who committed the Beekman Hill murders? Confronted with blind alleys at every turn of their night and day investigation of the sly and methodical killing of Veronica Gideon, hotcha artists' model, her mother and a roomer in their home, detectives sought a sharp instrument of vague description in underground muck.

Man Stabbed.

The 20-year-old "Ronnie" cum laude graduate of the night clubs, and her mother, Mary, were strangled, but their roomer, Frank Byrnes, was stabbed repeatedly with a sharp, curved instrument.

A search of the sewer system in the Beekman Hill area, a midtown district near the East River, was ordered, and all the plumbing in the Gedeon five-room apartment was to be ripped out in the hunt.

Joseph Gedeon, estranged husband and father of the slain women, faced questioning in police lineup in possession of a firearm without a permit, but the questions and answers in prospect were largely routine.

The harried little man who boasted of the strength in his fingers, badgered with questions day and night, lay on a jail cell cot with a special guard just beyond the barred door. Vague in his answers but quick to exasperation, he only exclaimed time and again:

"I wouldn't kill my own family!"

Detectives had learned a great deal about him but apparently nothing which would shed light on two essential questions: who slew three persons, one by one, last Saturday night and Easter Sunday?

Release Sought.

The charge against Gedeon, preferred after police found an old revolver in his quarters, littered with photographs of nude women, was only for the purpose of keeping him in custody. An attorney who said he was employed by the Gedeon family announced he would apply for a writ of habeas corpus today.

Hairs from Gedeon's face were submitted to the police laboratory for comparison with those taken from beneath the fingernails of his dead wife.

OKLAUNION AND VERNON  
PEOPLE HURT IN WRECK

Henry Lee of Oklaunion was confined in a Vernon hospital as the result of shock and bruises received in an automobile accident Thursday evening and Mrs. H. R. Kuhn and son, Hubert, were dismissed after treatment for bruises and lacerations received at the same time.

The collision took place in the 1400 block on Fannin Street about 6:30 p. m. and cars were badly damaged. Physicians said Lee's condition was not serious.

JACKSON SPRINGS HOST

Wilbarger and Hardeman County singers have been invited to a community singing at the Jackson Springs school Sunday afternoon at 2 o'clock, according to an announcement made Friday by J. M. Collins of the Jackson Springs community. The public is invited to attend.

Benefits of Control Plan  
For Pease River DiscussedMOFFETT BILL  
OFFERS MEANS  
OF PROTECTION

Water Supply Would Eliminate Fire Hazard in Crowell—No Increase in Taxes Involved—20,000 Acres Subject to Overflow in Valley.

Dr. Hines Clark of Crowell, vice chairman of the board of directors of the Pease River Flood Control district, today issued a statement outlining features of the Moffett bill finally passed Thursday by both branches of the Legislature and emphasizing benefits which would accrue to the counties in the district if the project is carried through to completion.

The statement issued by Dr. Clark follows:

"A great deal of misunderstanding has arisen concerning the purpose of the Pease River Flood Control district as well as the effect of the Moffett bill, which has just been passed by the Legislature. In order to clear up this misunderstanding I would like to call attention to some pertinent facts.

Taxes Unchanged.

"In the first place, the Moffett bill does not increase anybody's taxes. It simply proposes to divert for two years that portion of the State tax which goes to the general fund and make this money available for buying site and easement for the construction of the flood control dam on Pease River.

"This diversion of State taxes for this purpose is contingent upon Congress appropriating funds to build the dam. If Congress makes no appropriation of Federal money no State taxes will be diverted.

"The main point of objection to the bill is based on the erroneous report that if the Moffett bill is passed and a general tax remission bill is later passed counties of the Flood Control district would not be able to get benefits of such general remission. It is contended that we would be compelled to pay that portion of State taxes allocated for acquiring a site for the Pease River dam.

"This report is untrue. The Moffett bill provides that if a general tax remission law is passed during the life of the Moffett bill the Moffett bill is invalidated. The directors of the district are citizens and taxpayers and they certainly would not favor a bill which would discriminate against their own people or deprive them of any benefits of general tax relief legislation.

Benefits Reviewed.

"As to the benefits, it seems to me that there should be no argument on this point. United States Army engineers have carefully surveyed the project from every standpoint. In addition, private engineers have made similar surveys. We know how many acres of land are exposed to flood damage. We have information about the damage to highways, railroads and other property. Competent engineers, including those of the United States Army, have checked (See MOFFETT, Page 2)

Spudder equipment was moved in yesterday afternoon on the Luther Ward tract in the Thalia district by Dr. O. P. Burdum of Altus, Okla., and an oil test will be drilled to 2,100 feet, according to A. J. Pepper and J. H. Graves, operators.

Location for the well was made after operators had leased a block of approximately 2,500 acres two and one-half miles east of present producers near Thalia in Ford County and is on the southwest quarter of section 21, block 8, H. & T. C. R. R. survey.

Equipment will be rigged up as soon as possible, according to Mr. Pepper, and drilling will probably begin Sunday or Monday.

Both Shell and Fain & McGaha oil companies drilled wells west of the new test in 1928 which are still producing from oil and gas sands which were encountered, beginning at 840 feet. According to operators of this area, production in the Thalia section has shown high gasoline and carbon black properties. Wells now producing in that section range in depth from 1,400 to 2,020 feet.

VETERAN PHILADELPHIA  
EDITOR TAKEN BY DEATH

Pinehurst, N. C., April 2. (A-P)—Fred Fuller Shedd, 66, editor-in-chief of the Philadelphia Evening Bulletin since 1921, died early today at a Moore County hospital here of a heart attack after an operation last Tuesday.

His wife, and one son, Dr. William Shedd of Staunton, Va., were at his bedside.

Several representatives of the Vernon Chamber of Commerce will attend a good roads banquet tonight at Frederick, Okla. The principal purpose of the meeting, sponsored by civic clubs of Frederick, is to secure construction of a permanent bridge across Red River between Oklahoma and Davidson, Okla. A large section of the bridge was destroyed by fire last summer. Other highway problems in this section of Texas and Oklahoma are to be discussed.

Bert King, Wichita Falls attorney, will be the principal speaker at the meeting. Oklahoma Highway Commission members and officials of the Highway 14 Association in Oklahoma have promised to attend.

Wichita Falls is planning to send a large delegation. Other delegations are expected from Davidson, Tipton, Manitou, Snyder and Hobart, Okla.

R. H. Coffee, chairman of the highway committee of the Vernon Chamber of Commerce, will head the Vernon delegation.

ALLRED SAYS  
VETO CERTAIN  
FOR MEASURE

Harris County Flood Control Act Killed by Governor—Message Drafted—Declares All Local Tax Remission Bills Doomed—Discusses Position.

Austin, April 2. (A-P)—Governor Allred today vetoed a bill remitting certain ad valorem taxes to Harris County for flood control purposes and announced he would veto all similar local measures.

The action was in line with his reiterated declarations that the State's financial condition would not permit remissions to individual counties unless taxes were levied to make up the difference in revenue.

The Governor said he planned to veto a bill remitting taxes to Foard, Cottle, Hardeman and Wilbarger counties for two years to aid the Pease River Flood Control District although it had not reached his desk.

The Harris County bill would have remitted one-half of the State ad valorem taxes collected in that county for 10 years.

The Governor said his veto message on the Harris County bill, stating it was his "very unpleasant duty" to take that action, was being drafted.

With reference to the Pease River project, he commented "that is from my own district, and while I hate to veto the bill I must."

"I will veto all local tax remission bills," he said.

A bill which would remit ad valorem taxes to all counties, the Governor said, was a "whole lot fairer," but he had reached no final conclusions as to it.

That bill has been passed by the House of Representatives and has been set for special consideration in the Senate next Wednesday.

"I think it is more justifiable to remit taxes to all than to pick out a few counties," he said.

In his formal message, Governor Allred said he had previously told the Legislature he would veto such bills, that more than 40 counties had had tax remissions and that it was a discrimination against other counties. He noted other remission measures were pending and would be proposed.

"We have a tremendous deficit in general revenue," he said. "To give away these ad valorem taxes will add to that deficit. The relief bonds voted by the people are payable out of the first tax moneys collected by the State will be further seriously impaired."

"To sign this bill will call for the passage and signing of other similar bills. There is no end to it."

The Governor said he did not question the desirability of flood control work but "the fact remains we are not able to do it" in the manner proposed.

EIGHT DIE IN  
TRAIN CRASH  
ON LONDON  
VIADUCT

London, April 2. (A-P)—Eight persons were killed today and more than 40 injured when two suburban trains, crowded with city-bound workers during London's morning "rush hour," crashed on a 60-foot high viaduct.

One coach was telescoped across a live rail and burst into flames. The blaze was quickly extinguished.

Scores of passengers narrowly escaped death in the smash which was one of the worst train accidents in the London area in recent years.

Some of the dazed occupants of the car singing precariously on the viaduct crawled from the crumpled coach and along the narrow foot-hold to safety.

A heavy rain beat down as stretchers after stretchers loaded with dead and injured were carried to ambulances.

"It was terrible," one survivor shuddered. "People were screaming and moaning from underneath the wreckage."

It was the second train wreck in London within 24 hours. Sixteen persons were injured in a collision of two trains north of London yesterday.

Ryan of the office reports a few vacancies in the Army for young men between the ages of 18 and 35 years. Applications for enlistment may be forwarded to the Oklahoma City office.

HUMBLE GETS  
2,300-BARREL  
WELL IN TEST

Second Well Completed From Sensational Producing Formation—Rail Board Establishes Top Allowable of 164 Barrels Daily for Producer.

The Humble Oil Company's H-22, the second well to reach the Rock Crossing lime, sensational new producing horizon in the Waggoner Pasture, was completed this morning and flowed at a rate of from 2,300 to 3,000 barrels during a two-hour test. An allowable of one barrel daily was assigned the well by a representative of the Railroad Commission following the test.

The well is located 330 feet from the west line and 330 feet from the south line of the northwest quarter of section 46, offsetting the Phillips Ranch No. 54 well on section 44 which was the discoverer of the new line. Both wells are on block 4 in the H&T.C.R.R. survey, and were completed at 3,076 feet.

Operations have been speeded in the Rock Crossing area as the result of the discovery of the new producing horizon several weeks ago and a number of wells are being deepened and others are being started with the intent of going to 3,076 feet.

A search for the Rock Crossing line in the Zacaquista field is thought to have been successful although the Davis Oil Corporation, whose Daniel No. 1 well has been deepened to 3,197 feet, has been unsuccessful for more than a week in attempts to remove a drill stem which stuck in the hole. A saturated line was topped at 3,181 feet and it is believed that it will prove the extension of the new producing horizon over an area covering several miles.

SENATE AVOIDS  
STRIKE STANDHEATED DEBATE FOLLOWS  
MOVE TO ESTABLISH  
FEDERAL POLICY

Washington, April 2. (A-P)—Prominent Senators of both parties joined today in urging that the Senate avoid a vote either condoning or condemning sit-down strikes.

The issue arose in an amendment to the Guffey-Vinson coal control bill proposed by Senator Byrnes, Democrat, South Carolina.

It would declare a public policy that no coal miner "shall remain upon the property upon which he was employed after he has received written notice" from the company to leave.

Presentation of the amendment late yesterday evoked some of the most heated debate heard in the Senate chamber this session. A vote was called for today.

Senator Vandenberg, Republican, Michigan, voiced "deep regret" over the manner in which the sit-down issue had come to a head.

## SOIL PROGRAM ENDS APRIL 7

### DEADLINE FOR FARMERS TO FILE APPLICATION FOR BENEFITS FIXED

April 7 has been set as tentative closing date for filing applications for participation in the 1937 Soil Conservation Program it was announced today from the office of the Willbarger County Farm Agent. More than 800 applications have been filed to date.

"Every effort is being made to complete signing up of farmers desiring to participate in the program," Fred Rennels, County Farm Agent, said. "By cooperating in filing applications early last year Willbarger County farmers were enabled to receive payment for participation before the end of the year," he added, "and it is hoped the same will hold true this year."

It was also announced inspection of ranches under the 1937 range conservation program would begin the latter part of April and ranchers were requested to file applications for entry into the program as soon as possible. Approximately 845,000 acres have been placed under the range conservation program to date in this county.

"Inasmuch as filing work sheets under the soil conservation program entails no obligation on the farmer it is advisable that all sign up in order that they may participate this year if at any time they decide to do so," Mr. Rennels said. More than 900 farmers took part in the program last year in Willbarger County.

## Gulf Oil Search Dispute Goes to War Department

Austin, April 2. (AP)—Texas State officials, legislators and coastal residents today sought methods to block proposed drilling for oil in leased submerged land which they feared might pollute Gulf waters.

Possible destruction of fishing and recreational interests along the Texas coast by unpreventable waste from a well the Humble Oil Company plans to drill a mile from the beach at High Island, half way between Galveston and Port Arthur, brought action in a meeting of interested parties yesterday.

Governor Allred and State Game officials immediately urged the U. S. War Department, sole apparent resource of objections through its jurisdiction over navigation, to defer granting a permit to drill and allow time for investigation.

The meeting brought out submerged land leases had yielded the State several hundred thousand dollars and the State Board of Education might fight movement to halt drilling because there was a possibility \$500,000,000 could accrue to the school fund from oil discoveries in salt domes beneath the waters.

It was agreed a concurrent resolution would be introduced in the Legislature providing a committee to sift the entire problem and make recommendations.

Further agreement removed other submerged land from the market for leasing purposes but doubt was expressed that anything could be done about the land already leased since definite contracts had been drawn and reversion could not be effected by statute.

Henry W. Flagg, of Galveston, president of the Texas Wild Life Federation, informed the committee marine life was doomed if oil development was permitted.

## PRICES HELD FOR V. FROST

Funeral services were conducted Thursday from a funeral home in Antlers, Okla., for Van Frost, 77, twin-brother of T. C. Frost of the Farmers Valley community, who died Tuesday night at Hugo, Okla., from burns received when he entered his blazing home. Burial was in an Antlers cemetery.

Mr. Frost had resided alone on a farm 20 miles from Antlers since last fall. A native of Canada, he had been a resident of Oklahoma since 1918.

The injuries which resulted in Mr. Frost's death were received when he attempted to save belongings in his house which had caught fire from an unknown cause, and was pinned beneath the falling roof. A neighbor boy pulled him from the flames and rushed him to a hospital in Hugo where he died a short time later.

Surviving are a son, Roy, of British Columbia; a daughter, Margaret, of St. Louis, Calif.; a brother, T. C. Frost of Farmers Valley, and four nephews, O. W., H. G., and N. H. Frost of Vernon and John J. Frost of the Farmers Valley community.

O. W. and H. G. Frost returned Friday from Antlers where they attended funeral services.

## ONE DIES AS OIL TANKER IS WRECKED IN EXPLOSION

Norfolk, Va., April 2. (AP)—An explosion wrecked and sank the Gulf Oil Company's 33-ton tanker, Gulf Lass, at the dock here today, killing its master and burning another seaman.

Thomas Henry Russell, 51, of Berkeley, master of the 27-foot boat, was killed as the blast shot part of the deck house upward and enveloped the tanker in flames.

Thrown overboard with Russell was Gideon Sawyer, his face badly burned. The cause of the explosion was not immediately ascertained.

**BROTHER MISSING 20 YEARS. FOUND BY KANSAS CITY MAN**

Kansas City, April 2. (AP)—George T. Bear said today he had learned that his brother, Zedeebe, whom he had not seen since the latter left the family home at Iberia, Mo., 30 years ago, is alive but ill in an Okmulgee, Okla., hospital.

The information was conveyed in a letter from a friend, George Bear said another brother, Frank, had been informed at Shreveport, La., and had left for Okmulgee.

The father, Abraham Bear, died near Iberia five years ago, believing his missing son was dead.

## HOUSE PASSES LIQUOR BILL

### HIGH LEVIES PROVIDED IN MEASURE AS CHECK ON "CHAIN" BREWERIES

Austin, April 2. (AP)—A 77-page bill intended to tighten up the present liquor control act here the approval today of the House liquor traffic committee.

After lengthy debate last night, the group rejected a proposal to place venue of appeals from Liquor Control Board suspension or revocation of licenses in the counties of appellants.

The bill also boosted the cost of retail package store permits from \$50 to \$125 to discourage operation of stores outside city limits at an unfair advantage to those paying city taxes in addition to the State levy.

It also provided for high levies on plants bottling beer brewed outside of the State assertedly to discourage "chain" bottling shops. Fees for such establishments began at \$500 for the first and graduate up to \$100,000 for the fifth shop operated by the same brewery.

## PRICE GAINS DRAW ATTACK

Washington, April 2. (AP)—President Roosevelt told a press conference today that prices of durable goods such as steel and copper were far too high. He added the time had come for the Government to discourage Federal expenditures for such goods and to encourage expenditures for consumer goods.

The President's lengthy informal statement on the present trend of prices was prompted by a query as to his position on future public works expenditures.

He said he told the five House Democrats who called on him yesterday, to discuss the PWA, that future Federal public works expenditures should go, not for steel bridges and other such permanent structures, but for channel dredging and earth-dams.

Expenditures for the latter projects, the President said, would give a larger purchasing power for consumer goods. He added there was too great a spiral of heavy goods prices and that this, judged by past experience, constituted a danger signal.

## MOFFETT—

(Continued From Page One)

These figures and estimates.

"More than 20,000 acres are subject to overflow between the dam and the junction of Pease and Red Rivers. Actual money loss to farmers, railroads and the State Highway Department exceeded half a million dollars in the past two years.

"In addition to that we get the benefit of having a water supply which could be utilized for municipal purposes. People in Vernon, Chillicothe and Okmulgee are more fortunately situated than we are in Crowell on the water question. Last Summer our town was without water. It was necessary to ship it in by train. Our town was without fire protection.

"Our investments in homes and business property in Crowell were exposed to loss without any protection. With the construction of the Pease River dam it would be possible for us to guard against this terrible hazard at small cost.

"The lands along Pease River in Ford, Hardeman and Willbarger counties may not be very important to people generally but they mean a lot to the people who have their life savings invested in them. Our little town of Crowell may not be very important to some but it means a great deal to those of us who have worked and saved and invested in homes and business property.

"Are these interests worth protecting? We think they are, especially when it is proposed to link this benefit with a program that will not cost local taxpayers a single penny and will secure for our section the expenditure of several million dollars of Federal money. This is a serious undertaking and the United States Government is considering it from the standpoint of controlling the floods in the Red and Mississippi rivers. The project will hurt no interest in Texas and it will benefit many thousands of people.

"This statement is issued in order to clear up misleading reports and to solicit support of the people of the district in asking Governor Allred to approve the Moffett bill."

## CANCER FIGHT IN SPOTLIGHT

Washington, April 2. (AP)—Senator Homer T. Bone of Washington introduced today on behalf of virtually the entire Senate membership a bill to authorize expenditure of \$1,000,000 annually for cancer research.

The measure bore the names of more than 90 Senators. Congressional records showed this to be unprecedented, although some bills have carried 20 or more signatures.

Representative Warren Magnuson of Seattle introduced a similar bill in the House simultaneously with the Senate measure's appearance.

The bill would place the appropriation at the disposal of the Surgeon General of the Public Health Service to "make grant-in-aid to schools, hospitals, laboratories, and other institutions and to scientific investigators, whose work has shown promise of making valuable contributions to human knowledge with respect to the cause, diagnosis, control, treatment, or prevention of cancer."

The money could be used also to purchase radium to be loaned to State or privately owned institutions for cancer treatments.

"Statistics show one in each 10 persons past 35 years of age is destined to have cancer," Bone explained.

"This dread disease has been growing in importance in recent years until now it is second only to heart disease as a death cause. It outranks tuberculosis."

Despite the rank of cancer as a killer, he said, the amount spent annually for research by the United States Public Health Service and by private cancer research institutions "is less than the cost of building a few big guns."

He cited statistics to show the cancer death rate in the United States has advanced from 86 per 100,000 population in 1921 to 116 2-10 per 100,000 in 1935.

**COTTON**

New York. New York, April 2. (AP)—Cotton futures opened barely steady, down 14 to 19 points, influenced by announcement of extension of loan sales through April and lower Liverpool cables, May 14.38; July 14.28; Oct. 13.70; Dec. 13.65; Jan. 13.68; March 13.75.

The general easiness of foreign commodity markets, decline in stocks and bonds and less favorable domestic labor situation combined to influence sentiment at the opening.

There was early liquidation for commission house and foreign account, in addition to hedging, but a fair trade and replacement demand appeared on the declines and caused partial rallies from the initial low.

July recovered from 14.25 to 14.32 and after the first half hour was selling at 14.28 when prices generally were 16 to 18 points net lower.

Announcement by the Reconstruction Finance Corporation that the marketing program of 12-cent loan cotton would be continued through April relieved to some extent the prospect for a further tightening in the spot cotton situation.

A decline in Liverpool reflected liquidation, promoted by the easiness of Egyptian cotton.

**NEW ORLEANS.**

New Orleans, April 2. (AP)—Overnight announcement that the administration would continue its sale of loan cotton brought a sharp drop of 18 to 20 points on the New Orleans market today.

Chairman Jones of the Reconstruction Finance Corporation reported that 1,500,000 bales of the original 5,000,000 bales of loan staple remained and the Government would continue to sell it.

While this could have been construed as bullish, indicating a huge demand for American cotton, the trade interpreted it the other way and prices slid off sharply.

A lower Liverpool aided selling interests here.

May opened at 14.26, July at 14.21, Oct. at 13.70 and Dec. at 13.73. As was expected, new crop positions showed the smallest decline.

Practically the only difference in the new loan sales plan was that only 5 days notice was to be given in the event of any change in selling plans.

## Law Review Finds Romance Remains On Gold Standard

Chicago, April 2. (AP)—Has love a price?

The Illinois Legislature thought it answered that one two years ago by passing a law banning "heart balm" suits but a checkup showed today that romance—in some quarters at least—is not yet entirely off the gold standard.

Court dockets here still list a good many of the 75 suits, asking upward of \$4,000,000 for shattered hearts, that were filed prior to July 1, 1935, when the law went on the statute books. Clerks estimated at least 20 remain to be tried.

And, in the opinion of some legal authorities, there are loopholes through which still more breach of promise and alienation of affections actions might find their way into court—under different names—seduction, defamation, deceit.

The Illinois law review, analyzing the effect of the heart balm act, cited that the law bars breach of promise, criminal conversation and alienation suits but makes no mention of damages based on seduction.

## RODENT DRIVE PUSHED HERE GREEN ESTATE HEARING OVER

**PROGRAM EXTENDED TO 16 WILBARGER FARMS DURING MARCH**

The rodent control program of the United States Biological Survey in Wilbarger County during March was conducted on 16 farms, according to J. M. Plummer, Biological Survey foreman in this district. Approximately 500 pounds of poisoned grain were used in treating 1,655 acres in the control work on the 16 farms.

Land owners wanting material and equipment, and a demonstration of rodent control methods may join the campaign by contacting the office of the U. S. Forest Service, 1312 Main Street, or by leaving word at the office of the County Farm Agent.

The U. S. Forest Service urges land owners having shelterbelt strips to join the control program. In addition to protecting the trees, farmers will benefit by reducing losses to field crops and gardens, Mr. Plummer said. In order to protect trees from present and future infestation, the Forest Service will furnish all materials and equipment to eradicate gophers and field rats where shelterbelt trees are planted and on farms adjacent to these strips.

**TECHNICAL TESTIMONY OF ATTORNEYS DUE TO END CASE AT DALLAS**

Dallas, April 2. (AP)—To a wealth of evidence, humorous and technical, witnesses were expected today to add final testimony in a hearing on the late Colonel E. H. R. Green's estate.

Commissioner Raymond Prime of New York announced he would hear cross-examination of two attorneys who yesterday testified Texas law since 1840 did not recognize prenuptial agreements—a point vital to the struggle of Colonel Green's widow and sister over the great fortune.

The attorneys were William E. Harris and D. A. Frank. In addition to their technical testimony Commissioner Prime previously had heard exhaustive evidence that the late railroad magnate maintained his legal residence at Terrell, Texas. Much of the testimony, from old timers who knew Green around the turn of the century, bore humorously on his fondness for speed—via air and auto—and his lavish donations to the Republican party of Texas.

Commissioner Prime will hold a hearing in Miami, Fla., following the hearing here.

## DODD OPPOSES COURT PLAN

JUDICIARY COMMITTEE IS TOLD CONGRESS CAN CALL CONVENTIONS

Washington, April 2. (AP)—Walter F. Dodd, Chicago constitutional lawyer, told the Senate Judiciary committee Friday he believed Congress could call state conventions to act on constitutional amendments.

Dodd, opposing the Roosevelt court bill, recommended constitutional amendments as alternatives to the President's proposals. Senator McGill, Democrat, Kansas, asked if Congress had power to call state conventions to ratify amendments without action by state legislatures.

"I am inclined to think so," Dodd replied.

Senator Norris, Nebraska Independent, advocated that the people vote directly on proposed constitutional changes in the next general election after submission of an amendment.

"Simplification and speeding up of the amending process would help materially to solve social and economic problems which he behind the dispute over the courts," Norris said.

## 22 FUEL CARS BLAZE WHEN TRAIN PLUNGES FROM RAILS

Ablene, April 2. (AP)—Twenty-two fuel cars of a Texas & Pacific east-bound freight train were derailed and fired today three and one-half miles west of Abilene. All members of the train crew were accounted for and it was believed no one was injured. The loss was estimated at \$50,000.

Crewmen said the 40-car train suddenly buckled in the middle, throwing 22 cars into a twisted pile-up. One of the cars was said to have exploded, starting a fire which swept through all except two or three and those remaining unspoke on the tracks. Billowing smoke shot skyward and was visible for many miles.

## OBJECTIONS TO COTTON PLAN GIVEN BY WALLACE

Washington, April 2. (AP)—Secretary of Agriculture Wallace set forth his objections to the domestic allotment plan for cotton in a letter March 25 to George Sealy, president of the Galveston Wharf Company.

Under the plan, farmers would be subsidized of that portion of their cotton which is necessary for domestic consumption. If they produced more than necessary for that purpose they would have to take their surplus in the world market of that surplus.

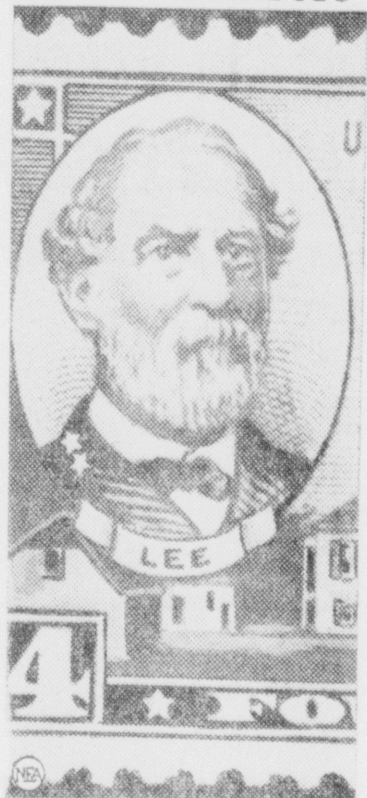

"Without production control," Wallace wrote, "the result would be, for several years at least, steadily increasing production and a lower price for cotton. This would necessitate increased payments to assure growers parity price—or whatever price goal was agreed upon—on their domestic allotment, and thus the costs would increase each year."

"Some persons contend that production would not increase after prices fell below certain levels, but if farmers were assured a fixed return on a part of their crop they would be inclined to regard cotton grown in excess of the domestic allotment as production which they could sell profitably at a very low price in view of the higher return on the other portion of their crop. Our experience since 1932 confirm the conviction that a two-price system such as the domestic allotment plan would be a powerful stimulus to increased production."

"Inevitably, any discussion of the cotton situation involves the increasing competition of foreign growths. In some quarters this increase is blamed upon programs developed under the Agricultural Adjustment Act. There is little question, however, but the production of foreign cotton would have continued to increase—as it has done for the past 45 years—without the adjustment programs and that it will continue for some time to come. The South is not likely to regain its former markets for cotton unless foreign countries can get purchasing power to buy the cotton through increased trade with the United States."

A fan letter was delivered to Jack Benny, comedy star, from an admirer in New York and the only address on the letter was a picture of a jack, a green holly and a piece of wood.

## Lee's 'Demotion' Stirs Admirers

A new battle of stamps has arisen in Washington, this time over the "demotion" of Gen. Robert E. Lee on the new 4-cent army stamp showing the Confederate commander and Gen. Stonewall Jackson. Only two stars of a Civil War lieutenant general, instead of three of a full-fledged general, appear on Lee's collar, as this picture of a stamp reveals. It's a rank outrage, say admirers of Lee, to "break" the great general on a stamp that's supposed to honor him.

## Maverick Favors TEXAN BUYS POT PLANT

### Texas Students

Washington, April 2. (AP)—Representative Maury Maverick of San Antonio took time last week to autograph 30 enormous pictures of George Washington to be sent to pupils in Edgar Allan Poe Junior High School, San Antonio, who appeared in a play entitled "A True Son of the Great Southwest—Sam Augustus Maverick." Sam Augustus was the Representative's grandfather.

As he signed the last one, he recalled that in 1913 he received a letter addressed to "the Honorable Maury Maverick."

"I was about 19 then and it made me swell with pride. I wondered who it was who thought so much of me and decided at once he must be a fine man. It was from Senator Morris Sheppard of Texas and although it may have been half a century ago, it made me feel mighty good. Let me add, too, that I still think the Senator a wonderful man."

One of the most shocked persons in the Capital at news of the New London disaster was C. M. Elwell of Waco, private secretary to Representative W. E. (Bob) Poage of Waco. As supervisor of schools with the State Department of Education, Elwell participated in the dedication of the demolished schoolhouse and granted the system affiliation to permit its graduates college entrance without examinations.

Representative Luther Johnson of Corsicana was seen the other day returning to his apartment with a pot flower under one arm. "My wife went to Florida a couple of weeks ago and told me to water her flowers," he explained. "I neglected them for a day or two and I think one is going to die. Anyway, thought I'd play safe and have an extra one ready in case it does."

Letters from all parts of the United States and Canada poured into Senator Tom Connally's office after his St. Patrick's Day broadcast. A California woman wrote that one of the main characters to whom he referred was her grandfather.

"My boy lives in Washington and wants to see you and shake the hand of a man who speaks so glowingly of Ireland," the letter read. The Senator answered and personally invited the woman, as well as her son, to visit him.

## CHURCH OF CHRIST TO OPEN REVIVAL APRIL 11

A revival meeting of 10 days will begin Sunday, April 11, at the Church of Christ, according to announcement of Elder L. N. Moody, minister. Preaching will be in charge of Elder Roy Wallace, Jr., of Denton, well known evangelist.

Elder Wallace is known by many Vernon people, having served as minister of the church here about 20 years ago. He has been here on a number of occasions since that time.

### Annual Election Held by Junior High P-T. Unit

Officers for the coming school year were elected Thursday afternoon by the Junior High School Parent-Teacher Association in session at the school. Those elected included Mrs. Fred Holley, president; Mrs. J. N. Wright, vice president; Miss Anna Belle Robertson, secretary; and Miss Cora Ann Buchanan, treasurer.

The officials were elected following a report of the nominating committee, which included Mesdames J. N. Wright, B. F. Owens, and H. R. Kuhn. Mrs. W. N. Martin presided at the business session during which four delegates were elected to the district P-T. conference to be held in Wichita Falls April 13-14. Those elected included Mesdames W. N. Martin, Everett Westbrook, B. F. Owens, and Oran R. Key, and four additional delegates to which the unit is entitled will be appointed later by Mrs. Martin.

Books Are Purchased. Officers will be installed at the regular unit meeting on the first Thursday of May. Announcement was made of the coming meeting of the Wilbarger County Council of Parent-Teacher Associations to be held at Farmers' Valley April 10. Mrs. Martin named Mrs. Fred Magee and Mrs. Evelyn Cole members of a committee to assist Mrs. Ruby Ripper-ton, County Health Nurse, in a food examination drive. The unit voted to contribute to the Vernon Safety Council in their efforts to purchase literature for a safety campaign.

The Association also voted to purchase an additional book on the Parent-Teacher Association to be held at Farmers' Valley April 10. Funds were provided for securing a good reference book to be used by Junior High School students and kept in their study hall.

Program Is Interesting. Mrs. J. N. Wright, program chairman, presented Miss Phlorene Geco, who reviewed "Our Movie-Made Children" by Foreman. This was followed by questions and answers of the influence of movies upon children discussed by Mrs. J. E. Wren. The material was based upon a pamphlet published by the Texas Congress of Parents and Teachers.

The meeting was opened with a group of Texas songs and prayer by Mrs. Oran R. Key.

Those present at the meeting included Principal John J. Spradlin, Misses Phlorene Geco, Jewell Holliman, Anna Belle Robertson, Cora Ann Buchanan, and Mesdames J. N. Wright, W. N. Martin, B. F. Owens, Evelyn Cole, E. A. Westbrook, Fred Magee, J. E. Wren, and Oran R. Key.

### Rock Crossing Women Meet in Drennan Home

Mrs. W. T. Drennan was hostess Thursday afternoon to the Rock Crossing Home Demonstration Club. The meeting had been postponed because of previous conflicts.

"Beautiful Wilbarger," a parody on "Beautiful Texas" was sung by the group in opening the meeting, and roll call was answered with bright sayings of children. Miss Doris Leggett, County Home Demonstration Agent, then spoke to the group on preferred qualities in children's clothes.

Mrs. Drennan served hot chocolate and sandwiches to Mesdames John Stiles, Homer Estlack, O. R. Purker, A. K. Thorn, R. W. Welch, D. J. Dardis, of Kernit, W. F. Garrison, L. L. McHugh and Miss Doris Leggett.

### TEXAS WOMEN RALLY BEHIND SPEARS EQUAL RIGHTS BILL

San Antonio, April 2. (AP)—San Antonio and Bexar County women determined to obtain equal political rights with men, met yesterday to arouse support of the Spears bill which would give Texas women that privilege.

Mrs. W. B. Edmondson, president of the Alamo City Women's Democratic Club, presided. Mrs. J. C. Griswold, former Republican national committee woman with attendance.

The major effect of the bill, introduced by Senator J. Franklin Spear of San Antonio, would give women equal representation on the Democratic State Executive Committee—31 men and 31 women.

In the past, Mrs. Griswold said, politically speaking, women have been relegated to the status of the "telephone squad" where women are supposed to get on the telephone on election day and call up voters, urging them to support this or that candidate. She declared the "thing for women to do is get on the executive committee and select the candidate."

### DEATH OF FORT WORTH SCOUT OFFICIAL CALLED SUICIDE

Fort Worth, April 2. (AP)—Fritz C. Crusemann, 42, Boy Scout district commissioner here, was found shot to death on a road seven miles east of here early today. Justice of the Peace Hughes returned an inquest verdict of suicide.

Crusemann left home last night to attend a Scout meeting. His wife notified police at 1 a. m. that he had failed to return, and a few minutes later two truck drivers, Allen Pitts and Ed Daniels, reported finding his body, slumped under the wheel of his car.

Crusemann was a native of Bremen, Germany, where a brother and a sister still live. He also is survived by a wife, and son here and a nephew, Paul Conbad Crusemann, in Austin.

Dietetic Group Meets. Dallas, April 2. (AP)—The Texas Dietetic Association, which convened here this morning, adjourned to Denham this afternoon. Mert McCollum, president of the Dallas Association, welcomed the delegates here. Saturday's sessions will be held here.

### ESSENTIALS FOR CHILDREN'S DRESS GIVEN BY AGENT

"Children's clothing should not only be comfortable and durable, but adapted to self help," stated Miss Doris Leggett, in a demonstration on styles in children's clothing given Tuesday for the Red Valley Home Demonstration Club. The meeting was held in the home of Mrs. Forrest Shelton.

Miss Leggett displayed garments suitable for children from one to nine years of age. She said that material for children's clothing should be pre-shrunk and easily laundered, and care must be taken that the garment does not bind the body or hinder circulation.

Following Miss Leggett's talk, the club presented a health program. Mrs. W. A. White gave a brief talk on "Sewage Disposal," stating that septic tanks for farm homes can be built at very little expense. Sewage lines, she said, should be 200 yards from the well or supply of drinking water.

"Diseases Spread by Flies" was the topic discussed by Mrs. Grady Stowe, who stated that typhoid fever, several forms of fly poison and other diseases may be spread by flies. Spread of disease, she said, might partially be checked by burning all organic matter and garbage. Further control of flies was outlined by Mrs. W. S. Fitzgerald, who gave several formulas for fly poison and emphasized destroying of breeding places.

The program was closed with a drill on correct pronunciation of ordinary words by Mrs. F. C. Irons, who also gave a report of a recent meeting with the Odell Community Agricultural Association. Mrs. C. D. Shelton gave the Home Demonstration Council report.

Refreshments were served to Mesdames F. C. Irons, Arthur Martin, R. S. Gatewood, A. T. Flowers, W. S. Fitzgerald, C. D. Shelton, Macon Stephens, L. E. Key, Cage Crain, W. A. White, Grady Stowe, Misses Beryl Flowers and Doris Leggett, and the hostess, Mrs. Forrest Shelton.

### Midway-Tolbert Women Discuss Insect Control

Insect control was discussed by members of the Midway-Tolbert Home Demonstration Club Thursday afternoon at the home of Mrs. J. E. Flynn.

Red squill powder is helpful in rat control, Mrs. Paul Johnson told the club members, and Miss Bonnie Leath described several successful methods of banishing household ants. Salt is the most effective method or exterminating fleas, Mrs. W. C. Lawson said.

Following a recreational period, refreshments were served to Mesdames H. A. Blevins, F. A. Flynn, I. L. Morris, M. F. Boone, Roy Morris, Paul Johnson, W. C. Lawson, T. L. Dunlap, Misses Bonnie Leath, Mary Frances Boone, and one visitor, Mrs. O. H. Coats.

The next meeting will be held April 15 in the home of Mrs. M. T. Haire.

### SEARCH IS STARTED FOR TEXAS SWEETHEART NO. 1

Fort Worth, April 2. (AP)—The Cinderella-like career of Miss Faye Cotton of Borger was recalled Friday as a search for a successor to the title of Texas Sweetheart No. 1 was begun by the Fort Worth Frontier Fiesta.

Miss Cotton, lifted last year from behind a restaurant cash register to a feature role in the Casa Manana revue, is now in motion pictures.

Billy Rose, Frontier Fiesta director general who is sponsoring the search for the Texas Sweetheart No. 1 for 1937, announced that the final contest will be held in Fort Worth on Saturday, May 22.

Invitations to each of 100 Texas cities to select an entrant in the final contest have been sent out.

### ACTIVE ENCEPHALITIS TRAPS MIND OF BILLY HAMILTON, 8

Longview, April 2. (AP)—Eight-year-old Billy Hamilton lay in a hospital bed here today, his mind trapped more than a week by an attack of active encephalitis.

Dr. Garland Rushing said the illness, first believed the dreaded encephalitis lethargic type, sleeping sickness, had been diagnosed from the virgorous activity of the boy's body, the complete state of unconsciousness of his mind and his failure to recognize anything but sound.

His response to speech, shown by a tension of body muscles, induced hope for recovery.

The boy is fed orange juice and milk through a tube.

### WESLACO MAN DIES IN TRUCK CRASH WEST OF ROSENBERG

Houston, April 2. (AP)—One man was killed, another was hurt critically and two others less seriously early today in a truck collision five miles west of Rosenberg.

The man killed was tentatively identified as Allen, driver of a truck coming to Houston from Weslaco.

A. N. Foss, also of Weslaco, was unconscious in the hospital at Richmond. W. A. Smith and Alfred Long, both of Houston, on a Houston truck en route to the Valley, were injured.

### DISSENSION IS REPORTED IN NORTHERN RED FORCES

Saint Jean De Luz, France, April 2. (AP)—Lack of food and dissension among Northern Government supporters, diplomats here recounted today, has roused open talk of surrendering to the Spanish Insurgent army.

### Study of Irises Heard Thursday By Garden Club

A thorough study of "Irises—Their Types and Culture" was presented to members of the Garden Club Thursday afternoon by Miss Edna Lind Cole. The meeting was held in the Yamparika Club House.

Miss Cole presented a discussion of species, means and methods of cultivation, and insects which are injurious to the iris. The "Gardener's Guide for April" was discussed by Mrs. F. C. Irons. Mrs. M. D. Wolpert then spoke to the group on "Correct Pronunciation of Flower and Plant Names." Among those she mentioned were lantana, poinsettias, althea, ageratum, and sinias. Mrs. S. G. Little was program leader for the afternoon.

A number of members offered their yards as meeting places during the four Summer months, and the schedule for these meetings will be announced later. Mrs. J. L. Tull was welcomed by the group as a new member.

A hydrangea belonging to Mrs. W. H. Huggins was awarded first place in the monthly contest, and second went to Mrs. S. G. Little for Easter lilies. Mrs. George H. Beavers received third for an arrangement of amaryllis. All entries for April were Easter pot plants.

During the business session, Mrs. Huggins appointed Mrs. Beavers as chairman of the menu committee for a banquet to be held during April. She succeeds Mrs. J. L. Eggleston.

Those present for the meeting were Mesdames Edna Lind Cole, Frances Collins, and Mesdames M. D. Wolpert, L. E. McCurdy, F. C. Irons, J. L. Tull, C. W. Oliver, L. G. Hawkins, J. E. Collins, W. H. Huggins, George H. Beavers, S. G. Little, S. C. Haggsett, and R. V. Manis.

### LOCAL MUSICIANS IN ATTENDANCE AT WICHITA PROGRAM

Seven members of the Vernon Musicians' Club attended a program given by the Wichita Falls organization Thursday morning at the First Methodist Church of that city.

The Vernon Club and the Electra Musicians' Club were issued special invitations for the meeting.

Vernon members who attended were Mesdames W. P. Thomas, R. G. Cocanower, S. A. White, A. L. Borchardt, Noah H. Meads, D. O. Fulton, and Y. H. Babasin.

The program concerned American organists and organ music, and Miss Lucille Crouch, talented young Wichita Falls organist, appeared on the program with three selections. Two vocal numbers were given by Mrs. Bob Haley, and the program was concluded with a dramatic reading of Longfellow's "King Robert of Sicily" by Mrs. Harry R. Fuller.

Mrs. J. W. Akin, Jr., church organist, gave a lecture on the Reuter organ, and demonstrated how certain effects may be produced. During the business session seven new members were elected by the Wichita Falls club, including two former Vernon residents, Mrs. Floyd Randel and Miss Maxie Keith.

### ASSOCIATIONAL W. M. U. BOARD MEETS SATURDAY

A meeting of the executive board of the Wilbarger-Ford Associational W. M. U. will be held at the First Baptist Church of Vernon Saturday afternoon at 2:30 o'clock, according to an announcement made Friday by Association officials.

### PEERY IS FIRST GOVERNOR TO GET BID TO EXPOSITION

Dallas, April 2. (AP)—Governor George C. Peery of Virginia will be the first of the 48 governors to receive formal invitation to the Pan American Exposition in Dallas this Summer.

Presentation of the bid to him and the people of Virginia will be made Monday by Jan Isabelle Fortune, author of the "Cavalcade of America," commissioned as the international fair's envoy in Virginia by Governor James V. Alford of Texas, "honorary director-general of the exposition."

Mrs. Fortune is at present in Richmond, capital city of Virginia, writing a similar historical spectacle for Richmond's "bicentennial," which also will be held this Summer.

### RETRIEVE PRISONER GALLOPS TO FREEDOM ON STOLEN MULE

Huntsville, April 2. (AP)—Tom Corbit, convict from Gultman, galloped to freedom yesterday on a mule sneaked from the Retrieve State Prison Farm barns.

Corbit, serving 12 years from Collingsworth County for burglary, was a State-approved trusty employed in the barns, according to H. W. Miller, Retrieve captain.

### SEVENTY REPORTED DEAD AFTER REBEL AIR RAID

Jaen, Spain, April 2. (AP)—Seventy persons were killed and many more wounded during what Government sources described as a "terrific bombing" by insurgent planes Thursday night.

Many of the victims, the War Minister declared, were women and children residing in the provincial capital east of the Cordoba battle sector.

### STUDENT PILOT DIES WHEN PLANE CRASHES NEAR TULSA

Tulsa, Okla., April 2. (AP)—Fred Coronado, 23, of New York City, a student pilot, was killed today in the crash of his training plane which spun into the earth at an isolated point four miles northeast of the Tulsa municipal airport.

Coronado was practicing for his pilot's license when the crash occurred, officials of the Spartan School of Aeronautics reported.

The student's body was crushed in the wreckage of the light plane.

### Ends Beer Ban

Fifty-six years of proud aridity were ended when Gov. Walter A. Huxman, as pictured here, signed a bill permitting the legal sale of 3.2 beer in Kansas. The sale was passed over strong opposition in both houses of the Legislature.

### Ward Employees Give Farewell Dance Here

An informal dance honoring Mr. and Mrs. M. P. Bales, who are leaving Saturday to make their home at Roswell, N. M., was given Thursday evening in the banquet room of the Wilbarger Hotel by employees of Montgomery Ward & Co. Mr. Bales was manager of the furniture department in the local store before his transfer to the Roswell concern.

R. H. Fenton, new store manager, who arrived last week from San Angelo to assume his duties, was also welcomed by the employees. Music was furnished by a local Negro orchestra for approximately 25 couples in attendance.

### EX-STUDENTS OF CENTRAL SCHOOL MEET APRIL 30

An annual meeting of the Central School Ex-Students Association is being planned for April 30, according to a statement made Friday by Mrs. J. E. Lutz, president. The meeting will be held at Central School at 7 o'clock, according to present plans.

Mrs. Perry McDonald is secretary of the organization and Mrs. S. E. Porterfield is vice president. Meetings are scheduled annually by the Association, but during recent years plans were abandoned because of conflict, illness of officials, or inclement weather.

Committees named by Mrs. Lutz to make plans for the meeting are as follows: Invitation—Mrs. Bertha A. Ross, Mrs. S. E. Porterfield, and Miss Lillian Newton; program—Mrs. J. M. Napier, Mrs. Dale Shive, Mrs. Harry Mason, and Dr. J. E. Dodson; refreshments—Mrs. Dee Norwood, Mrs. Aubrey Lockett, and Miss Dorothy Cook.

The 1936 rice crop of Japan is estimated at nearly 21½ billion pounds.

## LUBBOCK BANK WORKER GETS PRISON SENTENCE

Dallas, April 2. (AP)—Burns Kittrell, 26-year-old Lubbock bank clerk, was sentenced to 18 months in the El Reno, Okla., Federal prison here Thursday when he pleaded guilty to absconding with \$11,000 belonging to the Lubbock National Bank March 6.

C. E. Maedgen, president of the bank, made a plea for leniency for Kittrell in a letter to United States Attorney Clyde Eastus which was turned over to Judge Davidson.

Eastus said Kittrell spent nearly \$1,700 in the three weeks he had the money. He said more than \$5,200 was returned to the bank.

Kittrell was arrested last week in Arkansas.

## ROCK CROSSING, OKLAUNION ENTRIES IN VICTORY PARADE AT COUNTY TENNIS TOURNAMENT

Rock Crossing won three of four divisions in the grade school class and Oklahoma took two first places in the high school junior class of the Wilbarger Interscholastic League's tennis tournament at Oklahoma Thursday afternoon.

In boys' singles matches in the grade school division, the Rock Crossing entry defeated that of Odell, 6-3, 6-1, and East Vernon downed Harrold, 6-1, 6-0, in the first round. Rock Crossing won the finals by scores of 6-2 and 6-3.

Rock Crossing defeated Harrold, 6-0, 6-0, in the first round of girls' singles in the grade school class and then downed East Vernon by scores of 6-0, 6-0 in the finals.

The Oklahoma boys' doubles entry in the grade school class trounced Harrold, 6-4, 6-2, and the Rock Crossing team won, 6-4, 6-0, from East Vernon in the first round. Odell then took a one-set match by a score of 13-11 from Oklahoma and then defeated Rock Crossing, 6-3 and 6-2, in the finals.

Rock Crossing also took first in the girls' doubles division of the grade school class by winning, 6-1, 6-3, from East Vernon after downing Harrold by scores of 6-4 and 6-3.

Results in the high school junior division were as follows: Harrold downed Odell, 6-0 and 6-1, in boys' singles while Northside took a 6-2, 6-1 victory from Oklahoma. Northside won over Harrold in the finals by scores of 6-2, 7-4, 6-4.

Only two entries were received in girls' singles and Oklahoma downed Northside in straight love sets.

Oklahoma also won girls' doubles by defeating Northside, the only other entry, by scores of 6-1, 6-2.

In boys' doubles Harrold trounced Northside, 6-0, 6-2, and Odell defeated Oklahoma, 6-2 and 6-2. Harrold downed Odell in the finals by scores of 6-4 and 6-2.

U. S. AMBASSADOR WILL TALK PEACE IN BRITAIN

London, April 2. (AP)—Norman H. Davis, American Ambassador at Large, said Thursday night he will discuss world economic and peace cooperation with British statesmen, but that the time is not yet ripe for an international disarmament conference.

Tension created by the Spanish civil war and widespread suspicion in the European mind made disarmament impracticable now, he asserted.

His disavowal of any United States intention to propose an armament conference now, coincided with that of Secretary of State Hull in Washington.

It came after general reaction in European capitals against such a conference at this time, a stepping up of Franco-British aerial armaments, and new efforts by those nations to settle the question of foreign volunteers in Spain.

## LION SQUADS TO SCRIMMAGE

WHITE AND MAROON TEAMS CLASH FRIDAY AT IN CITY PARK

White and Maroon teams of the Vernon Lions football squad will meet this afternoon at 4 o'clock on the City Park field for the first scrimmage of the Spring season under approximately game conditions. Head Coach Heinle Weir and Assistant Will Gilmore will be in charge of the Whites and Burnett Cox and Wilson Herring will be members for the Maroons.

The Lions returned to practice Wednesday after a rest of several days but many candidates were still absent because of sickness.

A long drill on the work of each man on the offense and defense while punting featured yesterday afternoon's workout.

## KENTUCKIAN SEEKS FIFTH VICTORY IN DERBY EVENT

New York, April 2. (AP)—It looks like an ideal year for that famous Kentucky Colonel, Edward Riley Bradley, to crash through with his fifth Kentucky derby victory.

His two nominees, Billionaire and Brooklyn, winners of \$12,130 and \$11,597, respectively, last year, were hardly among the topflight of 1936 juveniles, but his last two derby winners, Burgoe King and Broker's Tip were no great shakes as two-year-olds, either.

But Burgoe King and Broker's Tip received their preliminary derby training in actual racing at Lexington, Ky., in 1932 and 1933. Since then, there has been no Spring racing at Lexington, the Colonel's derby entries have failed.

Sacramento, Calif., April 2. (AP)—To the shouts of 40,000 or more fans and the crack of fango against horsehide, the Pacific Coast League's thirty-fifth baseball season opens tomorrow.

Only Portland, pennant winner last year, and Oakland, 1936 runner up, appeared less formidable in the pre-season size-up. Each lost important stars.

## TRAINING CAMP BRIEFS

(By The Associated Press)

Tallahassee, Fla.—The New York Yankees' Manager Joe McCarthy is brimming with confidence. "This is the best Yankee ball club I have ever taken north," says Joe.

Gulftport, Mass.—Manager Bill Terry gave his old number, No. 3, to John McCarthy as the Giants took the field against Jersey City yesterday—another indication the ex-International leaguer is to be the regular first baseman.

Clearwater, Fla.—Manager Burt Grimes has a new panacea for defeat. The morning after his Brooklyn Dodgers lose a game they're roused from their beds at 8 o'clock for a vigorous morning workout.

Tampa, Fla.—Manager Chuck Dressen of the Cincinnati Reds said a cheek-fracture suffered by Kiki Cuyler, vet outfielder, may keep him from play until the season opens.

Orlando, Fla.—Balking Cliff Bolton cost the Washington Senators \$7,500. Owner Clark Griffith said today, because he refused to go to St. Louis, Griffith said the Browns had claimed the catcher at the waiver price but Bolton refused to budge from his High Point, N. C., home.

Tampa, Fla.—St. Louis' Gas House Gang invaded the camp of the Cincinnati Reds today, primed for another victory in Grapefruit League competition after their 7-0 win from the Brooklyn Dodgers yesterday.

## DUKE BOXERS TAKE LEAD IN COLLEGIATE TOURNAMENT

Sacramento, Calif., April 2. (AP)—Safely through a stormy preliminary session, the boys who sock 'em and rock 'em for alma mater will square off tonight in semi-final bouts of the 1937 National Collegiate Boxing Championships.

A dozen of them are survivors of last night's grueling opening matches.

Out of the flurry of leather mittens inaugurating the holding in the Far West of the biggest tournament of the college boxing world loomed two stars from Duke University—Ray Matulewicz and Danny Farrar.

Matulewicz dropped down to his natural weight to dispose of Leon Gray of Arizona in the 165-pound preliminaries.

Matulewicz will face Mortimer Caplin of the University of Virginia tonight.

## SOUTHERN CALIFORNIA U. TO TEST 1937 TRACK TEAM

Los Angeles, Calif., April 2. (AP)—The good Dean Bartlett Cromwell, for 25 years coach of the University of Southern California track and field team, introduces his 1937 squad tomorrow in a warm-up meet up North with Fresno State College.

The genial Cromwell faced an uphill task in moulding a team comparable to previous scoring machines. He may even have a time winning his third straight N. C. A. A. championship, which would be quite a blow in view of the fact Cromwell's Trojans have won the national title only five out of the nine times they have competed.

It used to be apple pies that Luise Rainer baked. Now she has switched to big chocolate cakes.

## BOUT HAZARDS REMAIN WITH BRADDOCK ON TRIP

Chicago, April 2. (AP)—The machinery set up to bring a world's heavyweight title fight to Chicago June 22 began grinding again today, but the "monkey wrench" possibilities still were wide open.

Promoter Joe Foley had a hotel suite all ready for Champion James J. Braddock and Manager Joe Gould, due from New York to iron out details of the contest between Braddock and Challenger Joe Louis.

A disturbing note, however, was the reopening of a bid from Max Schmeling for a heavyweight title bout in Berlin in June.

Joe Jacobs, Schmeling's American representative, was to telephone Gould that Braddock still can have \$500,000 to fight the German if he wants it.

Two weeks ago Gould turned the offer down and Schmeling started for home. Yesterday, Jacobs was informed by Schmeling that German promoters still are ready to offer Braddock \$350,000, free of German taxes, to meet Schmeling. Gould, however, left for Chicago with the champion before learning of this development.

Meanwhile, Madison Square Garden's case, another jarring note in the Braddock-Louis duel, is scheduled to come up April 12 at Newark. N. J. Counsel for Braddock then will be asked to show cause why the champ should not fight Schmeling June 3 in New York. Braddock intends to be in a northern Wisconsin woods camp by that time.

## Seven Wildcat Cagers Receive Letter Sweaters

Crowell, April 2.—Letter sweaters for seven members of the Crowell High School basketball team of the past season were presented this week. Winners of the numerals were Garrett Middlebrook, J. S. Owens, Junior Nelson, Richard Lee, John Lee Orr, Clinton McLain and Bernie Fitzgerald.

The Wildcat cagers won the championship of the Northwest Texas Basketball Conference and placed third in the district race during the season.

## HUSKER TRACK SQUAD LEAVES FOR TEXAS RELAYS

Lincoln, Neb., April 2. (AP)—Coach Henry F. Schulte and seven University of Nebraska trackmen headed south today to compete in the Texas Relays.

San Francisco, who topped American Olympic shotputters at Berlin last Summer, expected to retain his Texas championship in the event, which he won last Spring. Lloyd Caldwell, who placed first in the broad jump a year ago, however, was dubious about retaining his title.

The squad included Bill Gish, hurdler, and Al Kuper, Bob West, Fred Matteson and Wilson Andrews, the Husker two-mile relay team.

## TWO LABOR LEADERS GET PERMIT TO RE-ENTER MEXICO

Laredo, April 2. (AP)—Mexican immigration authorities have been advised that two labor leaders recently expelled will be allowed to return to Mexico.

Luis N. Morones, secretary general of the labor organization CROM, and Melchor Ortega, labor leader will return to Mexico through Laredo in a few days, it was announced. They were expelled with General Plutarco Elias Calles several months ago. They have been residing in San Diego, Calif.

Felix Diaz, kinsman of the late President Porfirio Diaz, also is to be allowed to return, under instructions received by the immigration service. Diaz has been living in exile in New Orleans.

## DENVER GIRL TELLS STORY OF TRIP TO FORT WORTH

Fort Worth, April 2. (AP)—E. A. Christian, 23, testified at his hearing before U. S. Commissioner Newman on Mann Act charges that he had drugged a 19-year-old girl in Denver, Colo., loaded her on a freight train and brought her to Fort Worth. Christian was arrested after the girl brought her story to Assistant United States District Attorney Mood. The defendant, who said he had worked as an orderly in a Nebraska hospital, was held on \$5,000 bond. The case goes to the grand jury next week.

## SABIN AND RIGGS WIN IN ATLANTA NET MEET

Atlanta, April 2. (AP)—Atlanta and California held a monopoly in the singles division today while play in the Atlanta Invitational tennis tournament moved into the semi-finals stage.

Wayne Sabin of Hollywood and Bobby Riggs of Los Angeles won their semi-final sports yesterday and meet today. Russell Bobbitt, young Atlanta upsetter, and Joe Hunt of Los Angeles will wind up the quarter-finals firing and decide which one is to meet Atlanta's Bryan Grant in the other semi-final match tomorrow.

Bugbee Sells Paintings. Clarendon, Texas, April 2. (AP)—Edward N. Wentworth, chief of the Armour and Company livestock bureau in Chicago, recently bought two oil paintings by Harold D. Bugbee, Clarendon artist. He selected "Indian Spearling a Buffalo" and "Cowboy Roping a Steer."

## NELSON PACES AUGUSTA MEET

JONES SLIPS FROM GOLF TOURNEY WITH SHAKY 79 EARLY IN PLAY

Augusta, Ga., April 2. (AP)—Keeping up with Jones is no longer a job in golf.

As the 36-man field lined up for the second round of the fourth annual Augusta National golf championship today, the once unbeatable Bobby Jones was tied up for next to last place while Byron Nelson, lanky broad sharpshooter from Reading, Pa., blazed the trail with a record 66.

Bobby fell out of the running yesterday with a shaky 79 that all but carried the favored Horton Smith with him to the shoals of defeat.

Smith, a hot contender for his third Augusta crown in four starts, slumped while he played with Jones and took a 75 that left him nine blows behind.

Jones' 79 ties his worst Augusta record. He had two of them last year, finishing thirty-third.

Trailing Nelson was Ralph Guldahl, who streaked home with a back nine 32 for an 18-hole 69.

## WORK BEGINS ON SET FOR "CAVALCADE OF AMERICAS"

Dallas, April 2.—Construction on the huge stage for "Cavalcade of the Americas," spectacle of the Greater Texas Pan-American Exposition, began Thursday, according to A. L. Vollman, producer-director of the big show.

Construction plans call for the use of some 25 technicians, carpenters, scenic artists, and laborers, which will build the all new stage one-third larger than that of last year's show. That production showed to a million and a quarter persons during its run at the Texas Centennial last year in Dallas.

The stage for "Cavalcade of the Americas," 300 feet long and 164 feet wide, represents the combined geographical contours of the Americas. A volcano will erupt in realistic manner in one of the first scenes. This will be included in the building of the stage. The ramp will be 200 feet long. The back scenery will be some 60 feet high.

Sound equipment, the newest and finest ever used in any show, will be installed in time for rehearsals which begin May 1.

Center stage action has been made possible for this production, a development perfected especially for Cavalcade. It has seldom been used in the outdoor show of the past.

## VERNON MAN LOSES FINGER IN MEAT GRINDING MACHINE

Gaston Pennington, employee of the Vernon Meat Company received a mangled left forefinger Thursday afternoon when his hand was caught in a meat grinding machine. The finger was amputated at a Vernon hospital.

## Banana Imports Mount.

Laredo, Texas, April 1. (AP)—Substantial shipments of bananas from Mexico are entering this port, 14 carloads passing the customs March 25. Many truck loads of the fruit also are crossing the international bridge for Texas, Louisiana, and Oklahoma markets.

## Curfew Order Issued.

Dallas, April 1. (AP)—R. L. (Bob) Jones, Chief of Police, has issued an order for policemen to investigate persons found on the streets between midnight and daylight. He said numerous cases of petty crime led to the order.

## OPERATION FAILS TO SAVE LIFE OF CIRCUS LION

Charlotte, N. C., April 1. (AP)—The Duchesne, circus lioness whose last days of life after an operation attracted attention such as might have been accorded a human star died Friday.

Stimulants failed, and attaches the daughter of Lindy, an actual jungle king, died without recovering from the coma into which she fell after undergoing the knife.

A shortage of male trout in California lakes and streams puzzles fish and game officials.

## Tuesday Selected CUBS ELECT CAPTAINS

For Boxing Show

Coach Pat Patterson's Olney High School Cubs elected two of district A-A's better football players as captains of the 1937 grid machine this week. Claude Oliver, who lettered last year as right halfback, is one and Horace "Peanuts" Botkins is the other. Botkins, also a back, fractured a leg early last Fall but recovered sufficiently to act as substitute quarterback at the end of the season. Incidentally, the Cubs are regarded as one of the teams to "watch" next Fall in the chase for the district crown. Making their bow as a Class A team here in 1936, the unnumbered Cubs were little aided and promptly roved their right to Class A ranking by holding the Lions to a scoreless tie. Their disrespect for older members of the conference continued throughout the season and there is no reason to believe they will lose their troubling characteristics this Fall.

Boxers Clash Tuesday. Dr. L. L. Lindblom director of the North Texas A. A. boxing show which will be staged in Wichita Falls next week, is having a hard time setting a definite date for amateur mittmen to push each other about. Originally scheduled for last Monday and Tuesday nights, the matches were postponed to the same dates next week because the arena where they will be held was not completed. It was learned yesterday that permission would be granted for only one night on which to hold the fist-cliffing encounters. Present plans name Tuesday.

Backfield Prospect. Bill Wright, 145 pounds, letterman at guard last Fall, is showing up this Spring as one of the best halfback prospects on the Lion squad. An excellent blocker and hard tackler, Wright will be a junior next year and will have one more season of eligibility. Initial doubts on the part of coaches as to his ball handling ability are fast being dispelled as the reformed guard shows increasing ability to carry the ball and an aptitude for pass snatching.

## Shows Ability.

On defensive play there is no doubt concerning Wright's ability to smother running plays. He can, however, learn considerably more about pass defense. With experience Coach Heinle Weir believes his new halfback can master this department of the game. If he does, as he probably will, Vernon fans will see a new face in the Lion backfield next Fall.

Joseph Calleja is buying more goldfish, and raising the sides of his fish pond six inches.

# FEDERAL BANK CHANGE URGED

## FEDERAL OWNERSHIP OF RESERVE BANKS AS AID TO SCHOOLS FAVORED

Washington, April 1. (AP)—Representative Wright Patman of Texas, urged Thursday Federal aid for public schools and Government ownership of the Federal Reserve Banks.

Patman testified before the House education committee in support of the Black-Harrison-Fletcher bill. The measure would provide \$100,000,000 Federal aid for schools in the next fiscal year with a \$50,000,000 annual increase until a \$300,000,000 maximum had been reached.

"I am very much in favor of this bill," the Texas told the committee. "I believe it the duty of the National Government to help educate the boys and girls. No child should be denied an education because he lives in a poor community."

Patman suggested, as a means of financing the proposal, that the Government "take a firm grip on the money monopoly."

The Government, he said, would save \$800,000,000 a year by taking over the 12 Federal Reserve Banks, now privately owned, and in this way quit paying interest on its own obligations.

Here's WHAT SAVES THE flavor

A happy breakfast picture: He likes his coffee fresh and full-flavored. She shows him what a smart shopper she is. She makes sure of getting FULL FLAVOR by buying ADMIRATION triple-sealed for freshness in moisture-proof Cellophane. Then too, she saves about 4c per pound by buying the Cellophane bag rather than other packs.

Cellophane guarantees more than freshness in the food you buy. It preserves the taste you enjoy. It prevents loss of flavor and also protects against absorption of foreign odors.

Admiration Coffee in Cellophane-covered, triple-sealed bags comes to you in all its roaster-freshness, fragrant and delicious.

Admiration is also available in glass jars and in slip-covered tin cans.

## SIT-DOWN JURY IS DISCHARGED

JUDGE IN SAN FRANCISCO POLICE GRAFT INQUIRY TAKES ACTION

San Francisco, April 1. (P)—Superior Judge George J. Steiger, formally discharged the grand jury and ordered another empaneled to carry on the police graft investigation here Thursday.

Judge Steiger declared one or more members of the jury had failed to keep their oaths of secrecy, and that the jury's lack of unity "tends down" the respect the grand jury should maintain.

"We must have unanimous and determined action to insure the faith of the people," the judge stated.

District Attorney Matthew Brady, who had clashed with Judge Steiger over conduct of the graft investigation, declared he would continue in charge of the inquiry.

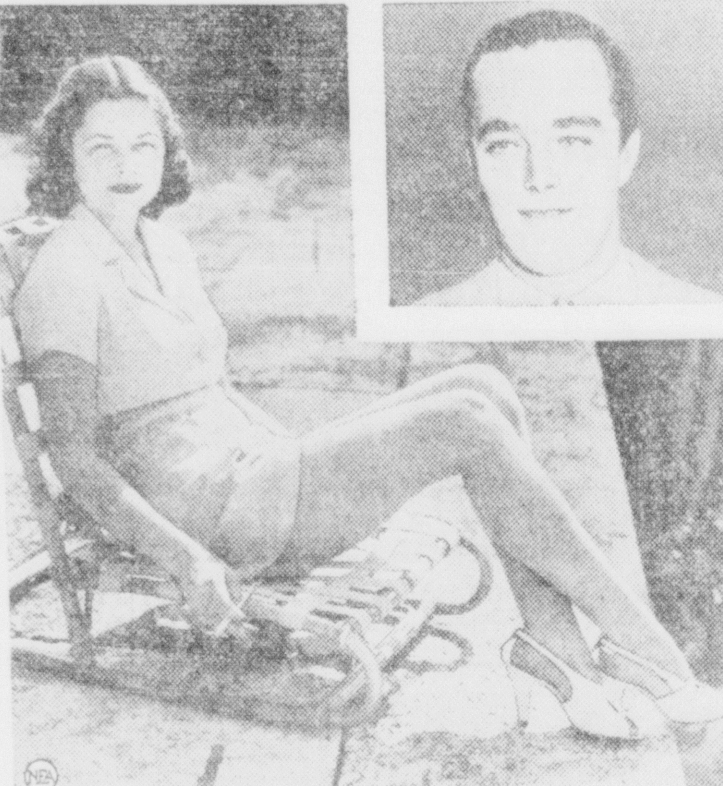

"I will ask Attorney General U. S. Webb, as my chief, to designate someone of his selection to cooperate with me and assist my office in the empanelment of the new grand jury and in all proceedings that involve this investigation."

The jury previously had staged an unusual "sit-down" strike for an hour and refused to answer Judge Steiger's summons.

Judge Steiger held the jurors were in contempt of court when they refused to appear before him to discuss the advisability of their continuing as investigators of police graft. The jury sat placidly in its own chambers for an hour Wednesday, refusing to answer the presiding juror's summons to appear before him.

## A Dime Store for Her Thoughts

Whatever Eleanor Young may be thinking of these days it's a pretty safe bet the thoughts of the New York and Newport debutante aren't very far from young Woolworth Donohue, who glances pleasantly from the inset photograph. Miss Young is reported to have captivated the grandson of the Woolworth chain store fortune founder. In Palm Beach, where these pictures were taken, the couple were seen much together.

## "WHOLESALE SLAUGHTER" OF LEPERS IN CHINA EXPECTED

Hongkong, April 1. (P)—Police at Canton were reported engaged Thursday in a roundup of all lepers, leading to a belief that Kwangtung provincial authorities might be planning a "wholesale slaughter."

A dozen lepers were shot last month at Samahai, 25 miles west of Canton. Hongkong sources were not

able to confirm reports of the more recent execution of 80 lepers at the colony in Yungkong, in Kwangtung province.

The reports recalled large-scale killings of lepers in 1918 at Shoklung, midway between Canton and Hongkong.

## FRENCH WARSHIPS GIVEN ORDERS TO AID SHIPPING

Paris, April 1. (P)—The Navy Ministry has announced that French warships have been ordered to use force, if necessary, to prevent stopping and search of French ships by Spanish warships on the high seas.

At the same time the Ministry called upon French merchant shipping to keep out of Spanish territorial waters, where international law "cannot normally intervene."

Any French ships molested on the high seas were directed to radio "calling all French warships."

## WPA STRIKE CALLED IN SAN FRANCISCO SECTION

San Francisco, April 1. (P)—A WPA strike was called Thursday to enforce wage increase and other demands and flying squadrons hurried from one project to another in the Bay area to pull workers off jobs. Officials of the Workers Alliance also announced they would hold a conference in Oakland Saturday and Sunday to authorize a State-wide walkout.

Robert Montgomery has decided upon Holmby Hills as the location for his new 17-room house.

## RACE REPEAL IS DELAYED

MOVE TO SPEED PASSAGE OF ANTI-WAGERING BILL DEFEATED

Austin, April 1. (P)—A move to set a bill to repeal the law authorizing horse race betting for consideration April 7 failed in the Senate Thursday.

Senator Grady Woodruff of Decatur unsuccessfully sought unanimous consent to move that the bill be lifted out of its regular order on the calendar. Others promptly objected to the request, made in the closing minutes of Thursday's session when another Senator had the floor.

Unanimous consent was necessary to make a motion under such conditions. There was no further move before adjournment to obtain a special setting for the measure, already approved in the House and reported favorably by a Senate committee. Some interpreted the action as likely further to delay consideration of the repeal proposal because many bills ahead of it on the calendar were local and uncontested measures which would have been acted upon at a night session.

## INCREASE REPORTED IN STOCKS OF CRUDE OIL

Washington, April 1. (P)—The Bureau of Mines reported Thursday stocks of domestic and foreign crude petroleum totaled 291,555,000 barrels on March 29, an increase of 942,000 barrels over the preceding week. The increase comprised a gain of 744,000 barrels of domestic crude oil and 198,000 foreign.

The Bureau said current reports indicated production in the week ended March 29 set a new record, the week's figure of about 3,455,000 barrels being 75,000 barrels above the previous week.

Imports of crude averages 79,000 barrels daily and crude runs to stills rose to a daily average of 3,095,000 barrels.

## WOOL SHRINKAGE STANDARD REQUESTED AT WASHINGTON

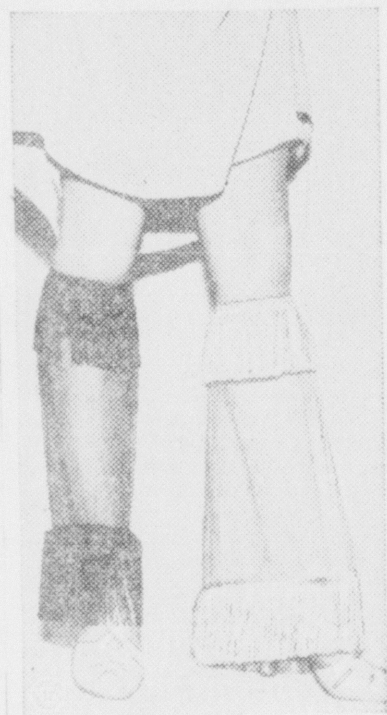

Washington, April 1. (P)—Representative Paul R. Greever of Cody, Wyo., proposed Thursday the Agriculture Department conduct investigations to establish a Government standard by which wool shrinkage would be estimated.

Greever said he seeks protection of wool producers who often suffer severe losses through "erratic methods of shrinkage estimates" made by wool buyers who pay clean wool market prices after the shrinkage estimate has been deducted.

## Mexico Buys Motors

Laredo, Texas, April 1. (P)—American automobiles form a big item in exports to Mexico at present. Thirteen carloads of assembled automobiles and five carloads of chassis were included among 42 carloads of exports on one day recently.

## Inventors' Trick—Up the Sleeve

If you're confused, think how a fly or mosquito would feel at getting tangled up in these fringed veil sleeves, made to protect legs from insect bites. The sleeves were among the many more or less wondrous contraptions at the National Inventors' Congress in Chicago. Perhaps they enhance the appearance—perhaps not.

## Legislators of Rhode Island in Violent Display

Providence, R. I., April 1. (P)—Violence broke out in the Rhode Island House of Representatives Thursday when the Mulligan Pawtucket Police Act was reported out by the House Finance Committee.

The Mulligan bill is designed to strip the McCoy city administration of control of the police, fire and public works departments by proposing the establishment of a popularly elected board of supervisors to administer these departments. The McCoy faction has long been at odds with the regular Democratic organization.

Sheriffs who were ordered to remove Representative Harry Curvin of Pawtucket from the House when he refused to allow business to proceed, grappled with him. As the noise carried the Pawtucket bill to the Speaker's rostrum, Representative Frank Asselin, Democrat, Pawtucket, grabbed the bill from his hand and threw it to Pawtucket Commissioner of Public Works, Albert J. LaMarre.

LaMarre tore the bill in half as Sheriffs started for him. Representative John E. Meade, chairman of the Finance Committee, who had reported the bill, dived head first over a line of desks and rescued the pieces of the bill. It was taken to the rostrum, torn in half and crumpled.

At the point, LaMarre left the House chamber and deputy sheriffs went in pursuit of him.

The Finance Committee met just before the House convened and voted out the Pawtucket bill. The disorder began as soon as the House convened and it had become generally known that the Pawtucket bill was coming out.

## GOVERNMENT COTTON IS SOLD BY COMMODITY AGENCY

Washington, April 1. (P)—Jesse H. Jones, chairman of the Reconstruction Finance Corporation, has reported to President Roosevelt that the Commodity Credit Corporation had sold about 1,150,000 bales of the 3,000,000 bales of 12-cent loan cotton which the Government had on hand Jan. 1. He said the average price was a little over 13 cents a pound and that the profit would go for interest and carrying charges.

## STORIES IN STAMPS

BY I. S. KLEIN

## REWARD FOR DOING NOTHING

GERMANY would have liked to gain the support of Denmark in the World War, and so the Allies turned their diplomatic guns on King Christian X and his ministers, to avoid such a union. Denmark remained neutral, and for this, after the war, the Allies rewarded the little country with the northern part of Schleswig-Holstein, which Germany formerly had taken from her.

Neutrality was the only favorable step for King Christian, if he were to keep peace in his extensive family, for he counted relatives on both the Allied and Enemy sides of the conflict. As a result, when war came, family ties were threatened, and Christian found it best, and most profitable, to remain neutral.

Christian ascended the throne of Denmark in 1912, and this year celebrates his silver jubilee. Many stamps bear his portrait. One of the first types is shown here.

## STUDENT HOUSEKEEPING AIDS 32 PANHANDLE BOYS

Canadian, Texas, April 1. (P)—Keeping house and cooking their meals hasn't kept 32 Panhandle boys from making outstanding grades at Texas A. & M. College this winter, says J. O. Stovall, Hemphill County Agent and sponsor of the group.

The boys live in a cooperative house on the campus and have held their expenses to \$15 a month, Stovall says. Mrs. Ada Thompson of Wellington is house supervisor.

Earl Breeding, senior, made the highest grades in the last semester, Stovall says. He is a member of an honorary society composed of the 75 best seniors from a class of more than 900. Breeding manages the house and when not in classes works at odd jobs.

## DALLAS COURT OPERATIONS DELAYED BY APRIL FOOL DAY

Dallas, April 1. (P)—Operations of two criminal courts here were slowed down by April Fool day.

Bailiffs were telephoning witnesses to come to court. In almost every instance they met the same rebuff:

"Oh, yeah," the party called would respond. So you're calling from the Sheriff's office? Well, you're not April fooling me."

And bang would go the receiver. Repetition of the calls with threats of fines for contempt of court finally brought most of the witnesses into court.

## Polarized Light Studied

Lubbock, Texas, April 1. (P)—Engineering students of Texas Technological College will demonstrate at their annual show April 16 and 17 how, with the use of polarized

light stresses in beams and working machinery is made visible to the eye. Small models of the parts to be studied are fashioned in a transparent material and placed in the path of the polarized light broken by a glass prism into the colors of the rainbow. By applying loads such as the parts would receive in service, the stress can be seen to grow and diminish. Stresses are outlined in the same brilliant hues of the polarized light.

Many Dogs Killed. Clarendon, Texas, April 1. (P)—Delinquent dog taxes, says R. T. Brown, city marshal, has thinned the ranks of pets here. A tax of \$1 must be paid April 1, yearly, but failure of owners to do so resulted in the death of more than 400 dogs the past two years. Brown says 100 have been destroyed since Jan. 1.

Low Cost Operation Wins Order for 16,697 Refrigerators from U.S. Government

Public Works Administration Housing Division Buys Westinghouse Refrigerators to Meet Rigid Economy Requirements in Low-Rent Housing

To provide modern, safe food-keeping facilities at lowest cost in 34 low-rent housing projects in 26 cities, the Housing Division of the U. S. Public Works Administration late in 1936 called for sealed bids from leading refrigerator manufacturers. Bids were based on initial price added to cost of electricity for ten years. Westinghouse won... though four other manufacturers quoted lower unit prices. Low current consumption made possible by Westinghouse features, convinced Government buyers that on a 10-year basis it costs less to own a Westinghouse.

Better Food Protection—demonstrated by tests on milk, meat and leftovers... Greater Convenience—shown by easier in time, trouble, and money... Full Power—safe temperatures, even in tropics, with mechanism running less than half time... Faster Freezing—ice cubes in 20 minutes or less, certified... Greater Economy—Meier tests show that current costs only slightly more per day than a postage stamp, even on hottest days.

## EMBEZZLEMENT CHARGE MOVED

### FEDERAL INDICTMENT OF KITTRELL TRANSFERRED TO DALLAS COURT

Dallas, April 1. (P)—An indictment charging a Lubbock man with embezzlement has been transferred to Dallas.

The indictment, naming Burns Kittrell as defendant, was returned at Wichita Falls. Kittrell, a former employee of the Lubbock National Bank, was accused of embezzlement of \$11,000. He was arrested in Arkansas.

The indictment was transferred here at the request of Federal District Attorney Clyde O. Eastus. At Lubbock a petition was being circulated asking for a suspended sentence for Kittrell in the event he pleaded guilty. Friends of Kittrell were planning a conference with Federal authorities.

Asked whether he knew of any such movement for leniency, Eastus said "I'm not interested in any such movement."

### "SLEEPING BEAUTY" HAS THIRTY-SECOND BIRTHDAY

Chicago, April 1. (P)—Thursday was Patricia Maguire's thirty-second birthday anniversary but to the "sleeping beauty" of suburban Oak Park the clock stopped five years ago.

Victim of an unusual type of sleeping sickness, she has occupied the shadow world beyond the border of consciousness since February, 1932.

Her birthday breakfast was the 10,592nd meal in her timeless existence.

Former Presidents Honored. Huntsville, April 1. (P)—The Huntsville Rotary Club last night honored two former presidents of the club. They were Dr. Harry F. Estill, completing his twenty-eighth year as president of Sam Houston State Teachers College, and C. N. Shaver, superintendent of schools here. Shaver is president-elect for the teachers college.

## Veteran Surveyor Recalls Pioneer Days in Texas

Brownwood, April 1. (P)—Mark E. Ragsdale, veteran Brownwood land surveyor, says the first lesson he learned was that a good surveyor must know his land laws. He says he has studied them since 1882.

Ragsdale surveyed about 75 per cent of the farm and ranch land in Brown County and located the boundaries of many farms and ranches in North and East Texas. He began his career in pioneer days of West Texas by surveying preempted land, and by locating patented land for persons who received it for service in the Texas Revolutionary and Civil Wars.

Vacant strips up to 1,500 acres could be preempted by any settler willing to squat on 80 acres, or if married, on an 180-acre plot for three consecutive years.

Many Brown County settlers got started that way and Ragsdale was kept busy locating the boundaries of their chosen land. As a surveyor, he could preempt no land. State law forbade under penalty of forfeiting his \$10,000 deputy surveyor's bond.

"In those days a surveyor had to have an almost perfect reputation for honesty or he might have difficulty obtaining a title of bondsmen," Ragsdale said. "There was no underbrush in Brown County when I started surveying. I never carried an axe until about 1887. There were no fences either and Brownwood was a trading post with 300 houses scattered over an area of three sections."

The veteran has surveyed on the famous Goodnight ranch, up and down the Red River, the Peace River and in many West Texas counties.

Whenever a strip of land, which under the law becomes school fund property, is discovered in this part of the State, the Texas Land Commission gets Ragsdale to survey and evaluate it. "A total of only two or three sections of vacant land have been acquired by the school fund in Brown County the past ten years," Ragsdale said.

## Expert Dry Cleaning DEMANDS Expert Training

DRY Cleaning is more than a business . . . it's a fine art. No one general process can be used on all garments. Different materials respond differently to cleaning. Colors must be considered . . . the removal of spots must be studied if the garment is not to be impaired.

These and countless other facts must be well understood if garments are to be cleaned thoroughly and harmlessly. For 15 years we have made a careful study of dry cleaning. We have fitted our plant with the most modern equipment. We use the newest cleaning solvents. We employ only skilled labor. —all to the end that every garment entrusted to our care shall be handled properly, shall be cleaned thoroughly, and shall be returned with new life and new loveliness.

Your Dry Cleaner is an important factor in care of your wardrobe; choose him wisely and well. As Vernon's most experienced cleaners, we respectfully solicit your patronage.

## BANKRUPTCY TEST ASKED

HIGH COURT REQUESTED TO REVIEW DECISION ON TEXAS CASE

Austin, April 1. (AP)—The Attorney General's Department has asked the United States Supreme Court to review a circuit court decision involving interpretation of the Federal Bankruptcy Act and efforts of the State to collect certain taxes and penalties from the Trinity Refining Company of East Texas.

In 1935 the State filed a penalty suit against the company on grounds of violation of law. It asked \$700,000. Later it sought \$300,000 for gasoline taxes.

After the State district court named receivers in the penalty suit, the company filed bankruptcy proceedings in Federal court, which approved a reorganization plan and named a trustee to take over assets from the State receivers.

The State appealed to the Federal Circuit Court at New Orleans, alleging the action had the effect of removing from the State jurisdiction over property it had depended on to secure its claims. That court held the State's tax lien was voided by the reorganization proceedings.

## EVERY WOMAN FACES THIS QUESTION

How do I look to other people? So many women risk their beauty by neglect of constipation. It often causes loss of pep, sallow skins, dull eyes, poor complexions.

Yet common constipation can be ended so easily. Just eat two table-spoonsful of Kellogg's ALL-BRAN with milk or fruit every day, three times daily in severe cases. This delicious ready-to-eat cereal supplies the "bulk" needed to exercise the system—and vitamin B to help tone up the intestinal tract.

Within the body, ALL-BRAN absorbs more than twice its weight in water, gently sponging out the intestines. It never causes the artificial action of pills and drugs, that often prove ineffective.

Kellogg's ALL-BRAN, you see, is a food—not a medicine. It relieves common constipation the way Nature intended—so its results are safe. Buy it at your grocer's. Made and guaranteed by Kellogg in Battle Creek.

## Amana Colonists Go Modern After 90 Years

Electric irons, washing machines, radios and lights are the modern miracles wrought by electricity that has just been turned on for the first time in the Amana colonies, near Cedar Rapids, Ia. Ninety years ago the colonies were established as purely communistic. In 1932, a modern capitalistic corporation replaced the old order. Now, pleased with modernity, the residents are prophesying that automobiles will be next. At left Mrs. John Noe uses her new electric iron and scorns the old "sad iron" on the stove. The other picture shows Mrs. Louis Rettig marveling at an electric washer.

### INDIANS ARE MEMBERS OF FRESHMAN SQUAD AT BAYLOR

Waco, April 1.—Probably the rarest combination to be found on any college diamond in the Southwest is the real Indian battery on the Baylor University freshman nine. Eddie Waap, full-blooded Indian from Arizona, is a star hurler on the Cub team, while Dan Tilden, full-blooded Indian and chieftain by heritage from Muskogee, Okla., is the catcher on the team. Both are football aspirants, also.

A third full-blooded Indian is also a member of the Bealeet squad. He is Oscar Pete of Washington State. Back home he is leader of his tribe and is called Chief Red Hawk. He plays outfield and is a distance runner on the track crew.

## Here Are Likeliest Choices for Supreme Court

If President Roosevelt is granted the privilege of adding six new members to the Supreme Court, it is considered probable he will select them from the 10 men pictured above. Their home states are indicated on the map. They are: Senator Lewis B. Schwellenbach; Governor Frank Murphy, successful auto strike conciliator; Assistant U. S. Attorney General Robert H. Jackson; Senator Robert F. Wagner, New York Progressive; Dr. Felix Frankfurter, Harvard law school; Dean Lloyd K. Garrison, University of Wisconsin; Judge Joseph C. Hutcheson, Jr., Houston, Fifth U. S. Circuit Court of Appeals; Donald R. Richberg, Chicago, former NRA administrator; Senator Sherman Minton, attorney; U. S. Solicitor General Stanley Reed, New Deal legal expert.

## Loveliness Blamed for Death

The loveliness which made Veronica Gedeon a model sought by New York artists is apparent in this recent photograph. Her beauty also probably was the cause of her death, police believed. Seeking without result the man who killed her, her mother and a roomer, officials thought the murderer-attacker was drawn to the crime by Veronica's attractiveness.

## Harem Scar'em

Louise Marshall poses in the dinner dress she has created for the hot nights next summer. Said to be of oriental inspiration, it shows the bathing suit influence on evening gowns—brassiere top and all. It was displayed at a spring fashion show in New York.

## As Hair Flew in Picket Battle

The camera here has caught the full force of picketing ardor and shows a striker enthusiastically yanking at the hair of a non-union worker who was trying to break through the picket lines around a garment factory in Kansas City. Police interference helped but zestful clashes like the one shown above were frequent as strikers fought to keep plants idle.

## Cinema's Super Starlet Shirley Is Spanked!

Surely that can't be Shirley, in that undignified position across Actress June Lang's knee. But it is—and filmland's Marvel Moppet is BEING SPANKED! Imagine, applying the disciplinary palm to the No. 1 Box-Office Star of the World. But don't be alarmed; it's only a scene from Shirley's latest picture, in which she gets her come-uppance for falling into a mud-puddle, and trampling a petunia bed.

## School Reopens at New London

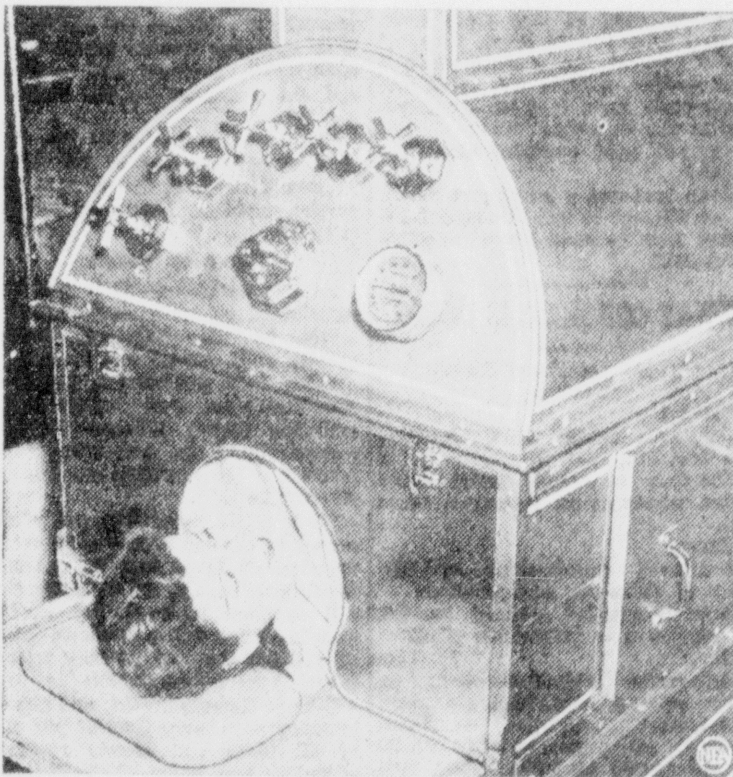

Guarded by deputy sheriffs and teachers, the New London students returned to school in the gymnasium. The building unheated because officials feared to light gas fires, many of the pupils built campus bonfires, one of which is shown at the right, in order to keep warm during the March snowstorm. The deputies and teachers marshalled the few students surviving the blast into the building, barred all outsiders and called the roll to reveal accurately the death list.

## Science Put on Trail of Killer

Frustrated at every turn by the lack of direct clues to the triple-murderer who wreaked his carnage in the home of Veronica Gedeon, New York police looked to the crime laboratory to lead them to the fiend. Detective Maurice Hartnett and Patrolman Edward A. Palmer are seen engaged in a minute examination of linens from beds where the bodies were found.

## Setting Fever to Catch Fever

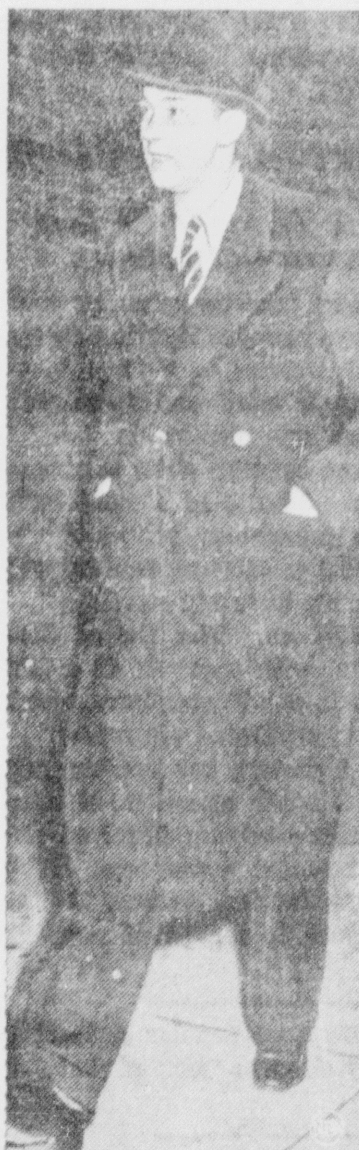

Subjecting patients to artificial fever may some day furnish cures for numerous diseases, according to opinions expressed at an international conference on the new science of "Fever Therapy" held in New York. Here is one of the machines invented for shooting your temperature up around 104 degrees Fahrenheit in the interests of health. And used in treating St. Vitus dance, angina pectoris and rheumatic fevers and similar ailments.

## Young Mother

Mrs. Willie Lathrop of Kansas City, Mo., was 15 last November 3, yet here she cuddles month-old daughter Katherine, and one-year-old son Warren. Mrs. Lathrop, married with the consent of her parents, when a freshman in high school. Her husband is 21.

## Questioned About Slain Ex-Wife

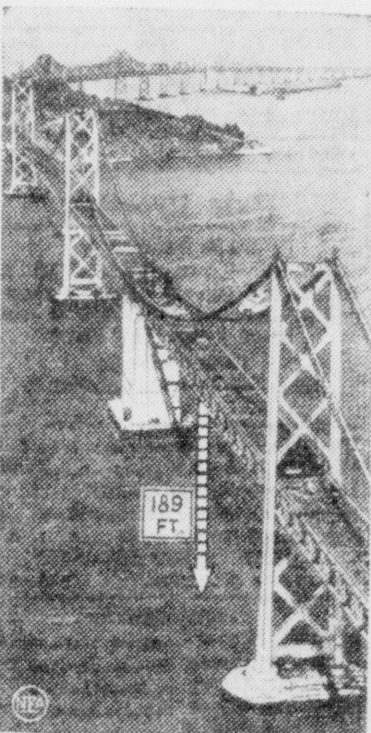

In the search for clues to the killer of Veronica Gedeon and two others at her New York apartment, police questioned Robert Fowler (above), whose marriage to the professional artist's model was annulled several years ago. They were married when she was 16.

## Where Murderer Entered Flat

A detective stands by the window in the apartment of Veronica Gedeon in New York through which it is believed the lust-killer who murdered the pretty model, her mother and a roomer entered. One of the bodies was found on the bed in the foreground.

## How Stunt Man Took Backbreaking Dive

He arched too much, Ray Woods, whose business is leaping off bridges, explained to his wife after he was fished out of San Francisco Bay with a broken back. He had dived from the San Francisco-Oakland Bay bridge—189 feet down, as shown by the dotted line, left. Center picture shows Woods in the football helmet which protects his head in high dives. At right he has just started his dive—feet first, then a jackknife, then the water head first. Woods failed to straighten out. Doctors said he would live but never walk.

## Saving Capital's Cherry Blossoms

Nancy and Polly Pierce, above, discover that a smudge pot can be used to warm frosted hands as well as budding Washington cherry trees when the temperature drops. The smudge pots were placed out when warm weather started the famous trees budding and a following cold snap threatened to nip them in the bud, literally.

## CRIME NEWS IS SIMPLY A MIRROR.

### Plea for Less Publicity Is Based on the Delusion That Ignorance Is Beneficial.

A recent magazine article attributes much of the crime situation to the publicity given crime news in most newspapers and proceeds from this point to conclude that one way of stopping crime is to take crime news off the front page. Reference was made to some of the more noted criminals of recent history and the play-up given their deeds was cited as one of the things that encourages misguided youth to take up careers of crime.

It is not to be denied newspapers give more emphasis to crime news than is demanded by any reasonable obligation to meet reader demand. It is possible to create certain tastes with regard to news and some newspapers prey upon this fact and exploit it for profit. But newspapers of this class are a negligible minority.

On the other hand, suppressing crime news, as is advocated in some quarters, would certainly be an aid to criminals. Instead of seeking publicity criminals wish to avoid it above everything else, and the notion that criminals want publicity to gratify their vanity is absurd. If the people generally know conditions they can take measures to stop crime.

In reality, there is but one way to take crime news off the front page and that is to check it until it will not be front page news. J. Edgar Hoover and his G-Men, supported by a public opinion aroused by newspaper publicity of crime, have done more to take crime off the front page than all the parlor reformers in the country.

It is a job for lawyers, prosecuting attorneys, judges and juries to take crime off the front page. Quarreling with newspapers because they mirror conditions gets nowhere. The thing to do is to change the conditions, and the newspapers will be the most effective supporters of such a program.

## CHECKING THE DOPE RACKET.

### House Acts Quickly To Place Texas in Line With Other States in Narcotic Legislation.

The passage of a bill by the House of Representatives strengthening regulations for handling narcotics has been hailed by newspaper correspondents as a victory for Governor Allred. While the Governor is entitled to unstinted praise for pressing the adoption of a form of bill which Federal agencies regard as essential for the effective control of illicit traffic in drugs, the real victory belongs to those who may be spared the dangers of the dope traffic.

Conditions described by the Governor in urging speedy action on the measure are nothing short of amazing. The average citizen has little opportunity to know anything about the traffic in dope. Narcotics are of such nature as to make it comparatively easy to carry on traffic with little danger of detection.

Another factor that adds to the difficulty of enforcement of anti-narcotic laws is the fact that it is one of the most attractive rackets from the standpoint of money. The dope peddler is not only assured of big profits but he has the protection of the addicts. One of the terrible things about the dope habit is that it destroys elemental traits of human decency and the addict is the last person in the world to betray the peddler.

These are only some of the reasons why it is to be hoped that speedy approval will be given to the bill by the Senate. The lawmakers will be rendering a good service in passing a law that will improve the situation. Certainly there can be no defense of the dope traffic.

## ARMAMENT IS A SYMPTOM NOT A CAUSE.

### Discussion of Disarmament Is Futile So Long as Causes of War Remain Untouched.

Discussions of new disarmament treaties as major powers of the world launch new drives to increase fighting strength are futile.

Disarmament treaties have been tried and have failed. Probably the major reason for this failure is that the treaties have been directed at the outward show of strength as represented by huge navies. Results of a more lasting nature might have been obtained and may yet be obtained by concentrating attention to the underlying causes, which make nations feel that they must have big navies.

A new naval race is definitely on. The United States has launched a building program with approval of a \$522,000,000 naval supply bill. Britain and France have just announced expansion of both their naval and air forces.

The arms programs of world powers are not the cause of unrest and threats to peace, but a symptom of deeper causes. As long as these problems remain unsolved there is little hope for a new disarmament conference. If the world fails to recognize these underlying causes, the road appears opening wide for a return to conditions much like those of 1914.

### ACADEMIC FREEDOM URGED IN RESOLUTION HEARD AT SAN ANTONIO

San Antonio, April 2. (AP)—Among the resolutions to be voted upon by delegates attending this morning's second business session of the Association for Childhood Education in forty-fourth annual convention are those asking that faith be reaffirmed in campaigns for more academic freedom for teachers, a single salary schedule for teachers, ratification of the child labor amendment and better grades of motion pictures, radio programs and comic strips.

"More democracy in school organization and more academic freedom—the right of the teacher as an individual to study, to discuss, and to work for issues which she feels will help bring about a better world even though they be controversial in nature," is asked in the paragraph of a resolution aimed at the famous Blanton "red rider," which passed in Congress and directed at Communist teachers in District of Columbia schools.

Cooperation is asked "with other groups of investigating intelligently the compulsory block booking and blind selling of motion pictures; to encourage parents to take children to the occasional movie program which has been carefully planned for children; to secure more wholesome and worthwhile movies for children."

Improvement of radio programs and comic strips "so that they may be increasingly educating and wholesome" will be sought in another provision of the resolutions.

## Vernon C-C Cup To Be Given to Chillicothe Team

W. H. Wright, secretary of the Vernon Chamber of Commerce, will present a silver loving cup tonight to officials of the Chillicothe chapter of the Future Farmers of America at the organization's father and son banquet in the Wesley Hall of the Methodist Church.

The cup, offered by the Vernon Chamber of Commerce in connection with the annual meat judging contest for F. F. A. chapters of the Vernon District, will become permanent property of the Chillicothe chapter as a result of its meat judging team winning the annual contest three years in a row. Team members this year are William Keeninger, Hildred Jones, Louis Sills and James Howard.

Ed Gossett of Wichita Falls will be the principal speaker. Clyde Keys, president of Vernon District F. F. A. chapters, will be toastmaster. Others on the program are L. P. Hightower, Oscar Dodson, Wallace Waldrup and Mildred Collins.

J. W. Hulsey, advisor to the chapter, will present certificates to about 20 members.

**BANQUET PLANS FOR CROWELL F. F. A. READY**

Crowell, April 2.—The Crowell F. F. A. Chapter "Father and Son" banquet will be held Friday night in the basement of the Methodist Church. Dr. R. L. Kincaid will be the principal speaker.

About 100 are expected to attend. Invitations were sent to the F. F. A. boys' fathers, school trustees, men teachers and several others.

## Oil Operators of Southwest Told Worker-Employer Relations Likely To Remain Good Despite CIO Drive

Dallas, April 2. (A-P)—On the eve of John L. Lewis' announced determination to unionize the great oil industry, leaders attending an American Petroleum Institute district meeting pondered today an assertion worker-employer relations probably will continue "pleasant."

### SHAWNEE SHERIFF GETS SUPPORT IN OFFICE FIGHT

Shawnee, Okla., April 2. (AP)—Sheriff Eliza Evans, refusing to surrender his badge to an appointed successor, Rufus Lyon, remained for the third day within his barricaded office today, assured by his wife: "I want you to stay right here, dear. I miss you at home, though." She brought him a clean shirt, a new necktie, chicken pie, salad and home-made angel food cake, remarking as she departed: "If you need anything else, just phone."

Lyon prepared a mandamus action in an attempt to end the muddle. A grand jury declared Evans' appointment void.

REV. TITTLE TO SPEAK AT NEGRO CHURCH SERVICES

Services at the New Hope (Colored) Baptist Church will be held tonight at 7:30 o'clock, according to Rev. W. L. Tittle, pastor of the First Methodist Church, who will deliver a sermon during the evening on "The Prosperity Task of the Christian World." Following the sermon officers of the Colored Pastors' Association will be installed.

OKLAHOMA HOUSE BILL CUTS RED RIVER FISHING COST

Oklahoma City, April 2. (AP)—A bill was introduced in the Oklahoma House yesterday which would give Texans the right to fish in the Red River, provided they purchased special non-resident annual Red River fishing licenses at \$1.25.

A 1923 Supreme Court opinion held the border stream lies within Oklahoma. Texans had complained of arrests by Oklahoma game wardens for fishing in the stream without non-resident Oklahoma licenses, which cost \$2.50.

Tilden Takes Richards.

Cleveland, April 2. (AP)—Big Bill Tilden rallied last night and won a three-set professional exhibition tennis match from his former protégé, Vincent Richards. The scores were 2-5, 8-6, 6-3.

There is nothing more annoying than having holes in your pockets. Why this inconvenience when new ones only cost 25c. We are in need of more garment hangers and give 1/2c in trade.

# TRAILER ADVENTURE

by Nard Jones  
© 1937, NEA Service, Inc.

BEGIN HERE TODAY  
MARTHA BRITAIN and BETTY HAYNES begin a trip up the west coast to demonstrate the new Airspeed trailer. They pick up GERRY NEAL, handsome young hitch-hiker. Neal tells them he is to meet a friend, JACK SPEDDON, at Long Beach auto camp. But at Long Beach Neal disappears from the trailer and Speddon drives away with Betty, falling to return. Frantic, Martha calls police. Then she gets a wire, hours later, signed "Betty" and advising that

The cocktail lounge was pink and white and utterly modern. Martha exclaimed at the miniature tables and exciting murals. "This is clever," Neal agreed, "but not the real Monterey. The real Monterey is the old Monterey—and the fishing. We'll see it after I've let this cocktail get in its work."  
And they did. He showed her the old Spanish theater, and the government house, and pointed out where Robert Louis Stevenson had lived. He took her along the venerable street of walled courtyards which had once

shielded Spanish beauties from the eyes of the curious. "And now," he told Martha "we'll go down to the wharves. I'll show you fishermen who know how to fish—because it's in their blood. And we'll have a seafood lunch."  
"I don't," Martha pleaded, "like seafood lunches."  
Neal glared in mock severity. "You've never eaten one until you have done it in Monterey."  
Later, in a cafe at the end of a dingy wharf, Martha was forced to agree. Beyond the window was the unbelievably bright blue of the Bay of Monterey. Gulls swept down between the wharf and the little fishing craft riding at anchor. Occasionally there drifted to them the soft chugging of one of the little boats bound out down the bay.  
"It's heavenly here," Martha said at last.  
Neal nodded. "It's the nearest thing to certain parts of Italy. That's one reason why my friend Tony here, who cooked us this kindly repast, likes it so well. Isn't that right, Tony?"  
Tony leaned over the counter at the other end of the room, his teeth flashing brilliantly against his swarthy skin. "You are right, Mista Neal. That blue out there, she is like Lake Como. Me, I come from Como. It is maybe a little more beautiful than this." An infinitesimal space between Tony's thumb and forefinger indicated how much. "Just a leetle."  
Laughing, Gerry Neal held his cigarette case to Martha. "Having a good time?"  
"A marvelous time," Martha said, meeting his gaze gratefully. "So marvelous that my conscience—" "None of that," he warned. "You and I haven't a conscience between us today. Do you know where we're going now?"  
"Wherever it is," Martha said, "it's not going to be aboard those bicycles!"  
"I agree. We'll leave them with Tony and the bike man can pick them up for us. I'll rent a car to take us over the Drive—and you must see Carmel!" He rose. "Come on. There's lots more to do!"  
"I thought," protested Martha rue-

Betty will meet her at a San Francisco hotel. Feverishly, Martha starts out, trying to trace Betty en route. Returning to her trailer the second day she is startled to meet Neal. He tells her that "this thing may be bigger" than she imagines.  
She agrees to accompany Neal back to San Francisco the next day to find Betty. She is troubled because she feels more than an ordinary liking for Neal. Yet she does not know whether she should trust him. Next morning Neal wires the San Francisco hotel where Betty and Speddon were supposed to be staying. An immediate reply reveals neither is registered there.  
CHAPTER IX  
"But," said Neal, stuffing the telegram into his pocket, "she probably will be there when you arrive in San Francisco as per schedule. Just as her message indicated. Now let's forget all this business just for a day. Are you on?"  
Martha was silent a moment. Then she nodded slowly. "I suppose I may as well. There doesn't seem to be anything I can do."  
"You don't sound very enthusiastic," Neal laughed. "But I guarantee that a day here will make you feel differently."  
She could hardly believe this could be true, but she reckoned without the combined charm of Gerry Neal and the country of Monterey Bay. When they left the table he suggested they inspect the little row of shops in the hotel. There was a sports shop, a gown shop, a little jewelry shop in itself a jewel. Each had its glass "front" giving into a lower hallway of the hotel, as if on a magic, sheltered street. Finally they turned a corner of the corridor to gaze into a great empty ballroom.  
That's the famous Ball room," Neal told her. "If you like, we can dance there tonight."  
But he had many more plans before that. They rented bicycles and rode through the beautiful paths of Del Monte. They fed the ducks on the little lake. They raced on the bicycles into Monterey, turning into the main street flushed and breathless. Neal swung alongside the curb and held up a hand in surrender. "I give up," he laughed. "You win the pre-lunch cocktail."  
"I never use 'em," Martha said, flipping the stand under her bike's rear wheel. "But I'll have a cigar and watch you."

fully, "you wanted me to rest?"  
"This is the best kind of rest—an active change."  
Though she lived to be a hundred, Martha would always remember that day as the most delightfully crowded one of her life. There was no denying Del Monte's spirit of play, no refusing the breathless beauty of cypress trees and rugged coastline of blue bay and red roofs, of quiet missions and wild flowers.  
In Carmel, Neal showed her the austere stone homes of Lincoln Stephens and Robinson Jeffers, pointed out the marble castles of Pebble Beach, and laughed with her at the contrast of having tea and biscuits at a tiny shake cottage inn near the sea.  
"There's just one more thing," he said across the rickety little table. "A swim in the surf. I'll get our suits at a shop uptown." He looked at Martha judiciously. "Red. Flaming red, for you. You've just the hair for it."  
Martha's protests were of no avail. Not 10 minutes later he had emerged from one of Carmel's shops with swim suits for both of them. "But where can we put them on?" Martha wanted to know. "I don't see any bath houses."  
"That's another nice thing about Carmel," Neal said. "Not a bath house in 100 acres. But there's plenty hundreds of acres." He jumped into the car and shoved it into gear. "We'll drive south where there's lots of privacy."  
Down the Point Sur road Neal drove slowly, past the historic Carmel mission, out beyond the beautiful homes of Carmel Heights into a lonely stretch where only an occasional rancher's shack broke into nature's plan. Finally he stopped where a wide point jutted into the surging ocean, handed Martha the package containing her suit.

## FRENCH FAIL TO FIND SITE

VISITORS UNCOVER TEXAS  
FEUD ON LOCATION OF  
LA SALLE'S CAMP

Houston, April 2. (P)—Some 30 prominent residents of France, in Texas to follow the trails Robert Cavalier De La Salle made 250 years ago, are having the same trouble with the site of the explorer's first settlement he had with the Mississippi River. They can't find it.

Although the French Mission, commemorating the two hundred and fiftieth anniversary of La Salle's death, found only cold trails to an official site, the party ran into a hot feud between two Texas counties.

Jackson County and Victoria County, fronting Matagorda Bay—and good neighbors except on this issue—have "official" sites and historians have failed to point out the authentic place La Salle established as Camp St. Louis, the first deliberate European settlement in Texas.

Jackson County claims the site was on the west bank of the Lavaca River and has historical documents "to prove it." Victoria County claims the settlement was on the west bank of Garcia Creek and likewise has historical documents "to prove it."

Strangely, both counties base strong arguments on the same documents—particularly the maps of Joutel, La Salle's faithful companion, and Douay, member of La Salle's expedition. Both "sites" tally exactly with the descriptions of Joutel and Douay.

WINNERS ANNOUNCED IN  
CROWELL ESSAY CONTEST

Crowell, April 2.—Verna Ray Morrison won first place in an essay contest sponsored in Crowell High School by C. P. Sandifer, Peard County pioneer and a resident of this city. "Ten Reasons Why One Should Not Smoke Nor Drink" was the subject on which 123 entries wrote essays.

Second place was won by Miss Juanita Roman, and third by Camille Graves. Cash prizes of \$5, \$3 and \$2 were awarded to the winners at a program in the high school auditorium this week.

Honorable mention was received by Danahy McClure, Mary Carroll, Virginia Mae Coffey, Lenagene Green, James Erwin, H. C. Brown and Thelma Ross.

## Norris Advocates Direct Vote of People on Constitutional Changes As Aid in Solving Court Dispute

Washington, April 2. (P)—Senator Norris, Independent, Nebraska, advocated today that the people vote directly on proposed constitutional changes in the next general election after submission of an amendment.

"Simplification and speeding of the amending process should help materially to solve social and economic problems which lie behind the dispute over the courts," he said.

May Present Plan.

Norris disclosed that he soon may offer such an amendment. He would require two-thirds votes in the Senate and House to submit an amendment to the people as at present. The provision for approval by three-fourths of the States also would be retained.

Instead of having Legislatures or State conventions act on ratification, however, the voters themselves would decide.

"If I had my personal preference," said Norris, "only majority votes in Congress and ratification by a ma-

jority of States would be necessary to make an amendment effective. But this probably could not be passed in Congress."

Amendments as alternatives to the Roosevelt court reorganization bill were receiving renewed attention by the Senate judiciary committee.

Chairman Ashurst found it increasingly difficult to keep the sentiments of the committee members from bursting bounds.

Burke Challenged.

Senator O'Mahoney, Democrat, Wyoming, and Senator Burke argued yesterday after the latter inferred that distribution of relief funds might have a bearing on the ultimate result.

Burke said a high official had suggested to him that the opponents of the court bill faced a losing battle in view of coming relief appropriations amounting to \$1,000,000,000 or more. O'Mahoney challenged him to name the official, saying any such assertion reflected on the integrity of members of Congress.

## RETAIL TRADE GAINS WIDEN

CLOTHING SALES MAINTAIN  
LEAD AS SPRING BUYING  
IS CONTINUED

New York, April 2. (P)—Spring shopping swept on through the pre-Easter period into the present week with widening stride. Dun & Bradstreet said today, and retail, wholesale and industrial activities expanded.

"Many retail stores were better patronized than in the week preceding," the survey stated. "While men's clothing, hats and furnishings moved rapidly into the foreground, the women's wear division maintained its dominating position."

Sales at retail ran 2 to 5 per cent ahead of the preceding week on the average for the country as a whole, the survey showed.

In the Middle West, affected by strikes, the advantage over a year ago was 8 to 16 per cent; in the Northwest the improvement was 12 to 18 per cent. In the South, the spread over a year ago was lessened but was still 15 to 22 per cent. Gains in the Southwest narrowed to 6 to 12 per cent, also under the influence of labor strife. On the West Coast the addition to last year's volume was 8 to 15 per cent.

GENERAL BRESSES TO TALK  
AT AMARILLO CCC DINNER

San Antonio, April 2. (P)—Major General H. J. Brees, commander of the Eighth Corps Area, Fort Sam Houston, will attend a banquet Monday night in observance of the fourth anniversary of the organization of the Civilian Conservation Corps at Amarillo, it was announced at headquarters here. The General will travel by plane.

In event it is impossible to fly to the Panhandle city, General Brees will be represented by Colonel J. A. Green, deputy chief of staff for the CCC of the Corps Area, and Major Russell Throckmorton, commander of the Fort Worth CCC district.

TWO NAMES ON BALLOT IN  
CROWELL TRUSTEE ELECTION

Crowell, April 2.—The names of J. W. Bruce and R. L. Taylor are the only ones printed on the ballot for the election Saturday in the Crowell Independent School district. Expiring this year are the terms of Mr. Bruce and S. T. Knox. Holdover members of the board are C. E. Gafford, Hubert C. Brown, T. E. Womack, F. C. Berchardt and T. V. Rascoe.

## TEXAS LABOR CASE PUSHED

MCRAW TAKES LEAD IN  
SEEKING RULING ON  
"BLACKLISTING" LAW

Austin, April 2. (P)—Attorney General William McCraw took the initial step today for a ruling on validity of the seven-year-old Texas "blacklisting" law, similar to one declared unconstitutional in 1914.

Under the law, employers are required to state in writing, upon demand, the reason for discharge of any employee.

McCraw filed suit in district court here against the Walgreen Texas Company for alleged refusal of its agent in one of its Houston stores to give such a letter to a former cashier. Bringing of the suit was requested by the State Labor Commissioner.

The attorney general said the 1914 Supreme Court opinion was by a divided court, and prior thereto two civil appeals courts had found the law valid.

Since 1914, he asserted, cases involving the blacklisting laws of two sister states, Oklahoma and Missouri, have been carried to the United States Supreme Court and the laws were upheld by that court.

STUDENT NIGHT PLANNED  
AT BAPTIST REVIVAL

Friday night has been designated as Young People's Night for the revival in progress at the First Baptist Church, according to an announcement made by Dr. H. H. Hargrove, pastor. Approximately 60 members of Vernon High School's senior class have signified their intentions of attending the meeting in a body.

Services are held at 10 a. m. and 8 p. m. daily with Dr. M. A. Jenkins, pastor of the First Baptist Church of Abilene, delivering the sermons. Joe Trussell of Brownwood is directing song services for the revival. No morning service will be held Saturday, Dr. Hargrove announced, but the night service will be held, as usual, at 8 p. m. and at the morning service has been set for Sunday.

Thursday night, Dr. Jenkins spoke on "The Wonder of the Ape." This wonder, he said, is God's love. "God's love is wonderful because of the nature of God." He added that God's love is unchanging, all-inclusive, protective, and pursuing. It is unchanging, Dr. Jenkins explained, because God's love is constant despite the sin of humanity. It is all-inclusive because it is offered to all races, to the good or the evil, and to the rich or the poor.

Miller Takes Rest.

Los Angeles, Calif., April 2. (P)—Robert M. Miller, Arizona Boy Scout executive, who disappeared for a week after a "spat with a girl friend," was a patient in a rest home here today. Charles Miller, Los Angeles auditor, said his brother would remain in the home six or eight weeks to recover from a "pretty bad condition mentally and physically."

Indian Wrestler Suspended.

Chicago, April 2. (P)—Chairman Joe Trimer of the Illinois Athletic Commission said today he will advise the indefinite suspension of Chief Osley Sanooko, Indian wrestler from Cherokee, N. C., as the result of Sanooko's tactics which resulted in a near-riot at the coliseum last night.

Pardons Granted.

Austin, Texas, April 2. (P)—Governor Allred granted conditional pardons Thursday to the following men convicted of murder: Wilton Black, Lamar County, 25 years; Sam McGuire, Dallas County, 5 years; James O'Neil, Houston County, 10 years; Rufino Ortiz, Williamson County, 5 years, and Jack Allen, Webb County, 15 years.

Truck Permit Granted.

Washington, April 2. (P)—The Interstate Commerce Commission has authorized G. C. McMakin of Lubbock, Texas, to operate as a common motor carrier between Lubbock and McCombs, Texas, and between Lubbock and Carlsbad, N. M.

Bus Permit Allowed.

Washington, April 2. (P)—The Interstate Commerce Commission has authorized the South Plains Coach, Inc. of Lubbock, Texas, to operate as a common motor carrier between points in Texas and Clovis, N. M.

## MISSOURI BOY IS EXECUTED

CONVICTED SLAYER CALM  
AS PENALTY EXACTED  
ON GALLOWS

Kennett, Mo., April 2. (P)—Fred Adams, 21, of Rector, Ark., was hanged here today for the slaying three years ago of Clarence Green, night marshal at Campbell, Mo., during robbery of a filling station. The trip was sprung at 8:05 a. m. and he was pronounced dead 13 minutes later.

Reiterating his claim of innocence to the last with a smile on his face, Adams declared he was ready to go.

He walked unassisted from the jail door up the steps to the scaffold, shook hands with Sheriff Dewey Miles and three deputies and told them goodbye.

THALIA SCHOOL BOARD  
RE-ELECTS ALL TEACHERS

Thalia, April 2.—W. Lee Cox, superintendent of the Thalia school system, was re-elected for a third term at a recent meeting of the school board here. Mr. Cox came to Thalia in September, 1935, from Denton.

All other members of the faculty were also re-elected. They are R. D. Wheelock, Miss Imogene Wells, John W. Wright, Ocie Chism, Miss Helen Willard, Miss Frances Couch and Miss Kathleen Cameron.
